Anatomy Of Criticism

M Planty

Anatomy Of Criticism:

Anatomy of Criticism Northrop Frye, 2020-05-19 A landmark work of literary criticism Northrop Frye's *Anatomy of Criticism* is the magnum opus of one of the most important and influential literary theorists of the twentieth century. Breaking with the practice of close reading of individual texts, Frye seeks to describe a common basis for understanding the full range of literary forms by examining archetypes, genres, poetic language, and the relations among the text, the reader, and society. Using a dazzling array of examples, he argues that understanding the structure of literature as a total form also allows us to see the profoundly liberating effect literature can have.

Anatomy of Criticism Northrop Frye, 2002-03 *Northrop Frye* Albert Charles Hamilton, 1990 [Anatomy of criticism](#) Northrop Frye, 1966 **Northrop Frye's Canadian Literary Criticism and Its Influence** Branko Gorjup, 2009-01-01 Northrop Frye's *Canadian Literary Criticism* examines the impact of Frye's criticism on Canadian literary scholarship as well as the response of Frye's peers to his articulation of a Canadian criticism. *Menippean Satire and the Republic of Letters, 1581-1655* Ingrid A. R. De Smet, 1996 *Northrop Frye's Writings on the Eighteenth and Nineteenth Centuries* Northrop Frye, 2005-01-01 Highlighting aspects of his scholarship seldom given sufficient emphasis, this new volume of the *Collected Works of Northrop Frye* documents Frye's writings on the literature of the eighteenth and nineteenth centuries apart from those on William Blake which are featured in other volumes. The volume includes Frye's seminal 1956 essay *Towards Defining an Age of Sensibility* and the highly influential 1968 book *A Study of English Romanticism*. With these pieces and the other published and unpublished works contained in the volume, Frye changed the way the transition from the major Augustan figures to the Romantics was viewed. These works are a central part of Frye's long and radical rethinking of the relation of romance and Romanticism, and through them he emerges as a meticulous textual critic, teasing out the fine brushstroke effects in writers as varied as Boswell and Beddoes, Dickens and Dickinson. Imre Salusinszky's introduction and annotation illuminates Frye's writing and guides the reader along the path of Frye's five-decade development of thought on Romanticism. This volume is an invaluable contribution to studies on Frye as well as to Romantic and Victorian literature.

Theory of the Novel Michael McKeon, 2000-12 McKeon and others delve into the significance of the novel as a genre, form, issues in novel techniques such as displacement, the grand theory narrative modes such as subjectivity, character, and development, critical interpretation of the structure of the novel, and the novel in historical context.

Allegorical Spectrum of the Parables of Jesus Suk Kwan Wong, 2017-02-08 Allegory in the parables of Jesus has never been addressed properly. By studying the allegorical features in parables and evaluating some former parable theories, current study hopes to bring insight to the hermeneutics of allegory in the parables of Jesus.

Northrop Frye and Critical Method Robert D. Denham, 1978
