Anand Move By Move Everyman Chess:

Anand Zenon Franco, 2014 Viswanathan Anand is undoubtedly one of the World's greatest ever chess players. He first shot to fame in his youth when he enthralled the chess public with his results and his amazing speed of play. He became India's first ever grandmaster at the age of eighteen. He has won five World Championships and was the undisputed World Champion from 2007 to 2013. He has been the World's number one ranked player and one of the very few to break the 2800 rating barrier. His renowned versatility has helped him to become successful in all forms of the game: tournament play, match play, knockout and rapid play. In this book, Grandmaster Zenon Franco examines in detail Anand's chess career to date. He selects and studies his favourite Anand games and demonstrates clearly how we can all improve our chess by learning from Anand's play. *Move by Move* provides an ideal platform to study chess. By continually challenging the reader to answer probing questions throughout the book, the *Move by Move* format greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of knowledge. Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn. This is an excellent way to improve your chess skills and knowledge. Learn from the games of a chess legend. Important ideas absorbed by continued practice. Utilizes an ideal approach to chess study.

Play 1...d6 Against Everything Erik Zude, Jörg Hickl, 2017-10-01. All the average club player needs is a small and manageable chess opening repertoire. They don't have time and energy to study hundreds of pages of chess opening theory. And why would they? Amateur games are rarely decided in the opening. Understanding structures and finding tactics are much more important. Renowned German chess trainers Erik Zude and Jörg Hickl have created an ideal club player's repertoire for Black. This compact manual presents a set of lines that is conveniently limited in scope yet varied, solid and complete. The core repertoire is based on lines that the authors have successfully played at grand master level for decades: the Antoshin variation of the Philidor Defence against 1 e4 and the Old Indian Defence against 1 d4. There is only a limited number of plans, ideas and structures that you need to learn and very few forcing variations. After an initial phase in which Black may at first sight look slightly passive, you will develop your position with a sequence of strong standard moves and start your highly effective counterplay. Zude and Hickl provide common sense guidance, explain all typical characteristics and give practical examples. If you have an Elo rating between 1400 and 2200, you don't need to look further because you can.
