Anarchy Nick Hunter Series Book 5:

Anarchy ,1978 **Patrick White's The Eye of the Storm, Voss, and Other Novels** Herbert Reaske,1977 **Time of Anarchy** Matthew Kruer,2022-02-08 In 1675 English America descended into anarchy as rebellions massacres and riots swept the colonies from New York to Carolina Behind the upheaval was the Susquehannock Indians Their shrewd responses to settler violence altered the future course of life and government for colonists and Indigenous peoples from the Great Lakes to the Deep South **Marriage Discourses** Jowan A. Mohammed, Frank Jacob, 2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in marital relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates

aimed at enhancing human capacities Should we side with transhumanists and embrace the new opportunities Or should we perhaps plot some middle course Human Enhancement presents the latest moves in this crucial debate original contributions from many of the world s leading ethicists and moral thinkers representing a wide range of perspectives advocates and sceptics enthusiasts and moderates These are the arguments that will determine how humanity develops in the near future

Emma Goldman and the Russian Revolution Frank Jacob,2020-11-23 What impact did Bolshevik rule have on Emma Goldmans s perception of the Russian Revolutions of 1917 and why did she change her mind going from defending the Russian Revolution to becoming a crusader against Bolshevism The Russian Revolution changed the world and determined the history of the 20th century as the French Revolution had determined the history of the 19th century Left wing intellectuals around the world greeted the February Revolution with enthusiasm as their hope for a new world and social order and the end of capitalism seemed close However the joy did not last long as the ideals of February 1917 were replaced by the realities of October 1917 and Lenin crushed the revolution during the following Civil War Emma Goldman a famous Russian born American anarchist was one of the intellectuals whose admiration for the revolution turned into frustration about its corruption Emma Goldman and the Russian Revolution discusses her evolving perception of the revolution between 1917 and the early 1920s The analysis of such an intellectual transformation process provides a case study of intellectual and revolutionary history alike adding a closer reading to the research about the famous American anarchist Emma Goldman her transnational life and her role as a revolutionary intellectual

Emma Goldman Frank Jacob,2024-08-05 Emma Goldman s life and work offer countless perspectives for study and analysis As an anarchist activist she always attacked any form of inequality and was a lifelong agent for freedom Goldman who lived a transnational life in her writings and actions offers a kaleidoscopic image of the injustices of her time while they emphasize her hopes and dreams for a better future at the same time The present book which is a collection of essays about this transnational life of an important anarchist consequently offers a glimpse into Goldman s personal and political kaleidoscope It shows how she thought about revolutions in general and the Russian Revolution in particular while it also highlights that even an anarchist had to work according to capitalist rules to survive In addition Goldman s activities to criticize gender norms and her perception as a female radical are elements that are discussed as well The collection thereby offers a critical insight into the many facets of Emma Goldman s life and impact in the late 19th and early 20th centuries
