Exam Review Eighth Edition provides a comprehensive review of current phlebotomy theory and offers an ideal way to study for phlebotomy licensing or national certification exams. It also makes for an excellent study tool for students taking formal phlebotomy training programs. By answering the questions in this review, students can test their knowledge and application of current phlebotomy theory. Theory questions address recent federal safety standards, Clinical and Laboratory Standards Institute (CLSI) guidelines, and the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) phlebotomist competencies when applicable. Questions are standard multiple choice like those used on national exams with choices that often test your critical thinking abilities. *The Makeup Artist Handbook* Gretchen Davis, Mindy Hall, 2012-10-12

This full color and amply illustrated book is written for film television and theatre makeup artists who need to know the basics on how to accomplish flawless makeup applications. It begins with fundamental practices and continues through more complex techniques usually known only by Hollywood makeup artists. Written by two expert authors who have experience doing makeup for television commercials and blockbuster films, readers will learn about beauty time periods, black and white film, as well as cutting edge techniques such as air brushing makeup for computer generated movies and makeup effects. High definition HD technology has revolutionized the techniques needed by makeup artists; you need to know more, have more talent, and be more detailed than ever before. Because HD emphasizes every detail on screen, it's essential for makeup artists to know how to achieve a desired look that fits the director's requirements. This book will help professional and aspiring makeup artists to hone their craft in both conventional and HD techniques. **The Makeup Artist Handbook**,
