Consider the oyster Unopened dirty and habitually covered with muddy green crap If you didn't know that it was hollow and contained a tasty glob of salty protein would you ever guess that this rock was edible Well somebody did Deep in the recesses of time some caveman or beach dwelling ape not only discovered that oysters aren't rocks but that they're tasty as long as you've got Tabasco and a date for the night But for every oyster success story there are thousands of casualties that will forever remain unknown History is written by the survivors A Fork on the Road celebrates those survivors and their progeny It's about the kinds of people who will spend 30% of their yearly salary building a BBQ Trailer with a homemade logo painted in flames on the side just to win a 50 contest 500 miles from home It's about the third generation pie maker who is as dull as a hammer until the conversation comes around to cracker versus pastry shells It's about the millions of people around the country who call themselves foodies as if the rest of us exist simply on air and water
