Schmid, 2013-02-22 In Yesterdays Reflections author Albert F Schmid invites us to consider the various holidays that are celebrated throughout the year He provides interesting facts about each holiday and includes the religious origins of them where relevant because many of our holidays have a religious connection He also explains important points about the holidays such as why Easter is always on a Sunday and why Thanksgiving is always on the fourth Thursday in November In addition he includes devotionals on topics ranging from Contentment to God Is Where Love Is Each devotional includes the pertinent Scriptures a story to illustrate the point being made and Schmid's comments For example The Rear View Mirror tells the story of Grace who remembers her fathers advice for driving in the snow find a snow plow and follow it When she encounters a blizzard she does this an hour later the driver stops to make certain she is all right as he had plowed a large

parking lot was moving on to the next business and was concerned when he noticed that she was following him We often become comfortable thinking that we can just follow the snow plow when in truth we need to learn to trust God and let Him lead the way Yesterdays Reflections is an inspiring collection that reminds us that we are Christs ambassadors and that God expects each of us to live and act as though He is making His appeal through us The best sermons are not preached they are lived

Authoritarianism, Informal Law, and Legal Hybridity Ihsan Yilmaz,2022-04-06 This book investigates Turkey s departure from a flawed democracy under Kemalist secularism and its transitioning into Islamist authoritarianismo through the lenses of informal law legal pluralism and legal hybridity In doing so it examines the attempts of Turkey s ruling party AKP at social engineering and gradual Islamisation of the Turkish state and society by using informal Islamist laws To that end the book argues that the AKP has paved the way for Islamist legal hybridity where society state and law are being gradually Islamised on an ad hoc basis Informal law and legal pluralism in Turkey have had a non state characteristic which have permitted Muslims to solve disputes by seeking the opinions of religio legal scholars Yet under the AKP rule this informal legal system has become increasingly dominated by conservatives sometimes radical Islamists which the governing party has taken advantage of by either formalizing some parts of the informal Islamist law or using it informally to mobilize its supporters against the opposition
