

AP Language Adversity Essay

2 pages | 425 words

Hardship causes people to act in a different way. Some may pick to concede and flee from their issues. Others might try to combat and conquer the challenge in front of them. According to the poet Horace, adversity will trigger a person to reveal their real colours. Nevertheless, there are also cases where misfortune will restrain one's actions. I think that misfortune can trigger one to increase to the occasion, but also can result in one's downfall. We can look at famous handicapped individuals and the struggle they got through to reach success. Terry Fox is an example of an individual who dealt with hardship and accomplished something incredible. Terry Fox was detected with bone cancer and ultimately had his leg cut off and changed by a prosthetic leg. By refusing to succumb to his cancer, Terry Fox had the ability to raise countless dollars to support cancer research and avoid cancer cases like his own. Another prime example is Helen Keller. Helen Keller was blind and deaf, so it would appear like her life was a mess. Nevertheless, Helen Keller didn't desire to quit, and she conquered numerous obstacles, and ended up being the very first blind and deaf individual to get a bachelors of arts degree. Without the illnesses that Terry Fox and Helen Keller contracted, they would not have had a reward to do what they did, thus they wouldn't be able to reach such heights. While adversity can indeed help people discover themselves, there are times when adversity won't. During the Tiananmen Square protests in 1989, the protestors had to face a huge obstacle: the Chinese government. The protests were led by students and were increasingly popular for a while before 1989. To stop the protests, the Chinese government decided to use force. They had hundreds of thousands of troops and a number of tanks across areas of Beijing, arresting protestors and in some cases, protestors were killed in the process, however the Chinese government claims there were no deaths. The "failed" protests and "massacre" of Tiananmen Square, depict that in some cases, adversity can be a slippery slope to failure. After looking at both sides of the argument, the conclusion is that Horace's statement sometimes holds true. While it is true that adversity influence people to do great things, we can also see how adversity can inhibit one's ability to create change. Thus, I believe that adversity can indeed reveal one's true abilities, but copious and extreme amounts of adversity can have the opposite effect and prevent the discovery of dormant abilities.
