

AP US History Study Guide

Unit One: North American Settlement to 1750

- **1607:** English opportunists sailed to Chesapeake Bay and established Jamestown
 - Settlers weren't interested in making long-term investments → wanted to quickly make money and leave
 - Problems: lack of food, diseases, hostile relations with Natives, no women
 - Didn't do well at first, then tobacco became a cash crop → labor needed
- **1619:** VA Gov. **William Berkeley** created **House of Burgesses** → first representative body
- Poor relationship between laborers and their "employers" → advertised as opportunity but found it hard to pay off their debts → poverty, anger, discouragement
 - **1676:** **Nathaniel Bacon** used grievances of working class to riot against ruling class
 - Ruling class solution: find a way to divide the "**giddy multitude**" by increasing racial tensions
- **1620s:** Separationists from the Anglican Church (**Pilgrims**) went to Cape Cod to establish Plymouth
 - Allied with local Native American tribe (Wampanoags) and survived winter with their help
 - **Roger Williams**, a dissenter of the Puritans, as banished → founded Rhode Island
- Followed by the creation of the Carolinas → difficult at first but Charleston was soon established
- England created New York out of Dutch territory, and then sold a part of the land called New Jersey
- Quakers founded Pennsylvania → very successful with good Native American relationship until death
- Georgia was founded as a military blockade to Spanish incursions through Florida
- **1675:** **King Philip's War** resulted in many Native American deaths → ended major Native resistance
- **1651:** England tried to create a more unified colonial structure → they passed the **Navigation Acts**
 - Colonies could only trade with English ships and all colonial goods exported to Europe had to pass through London and be taxed
- **Dominion of New England:** **King Charles II** revoked all colonial charters and created royal colonies
 - Created royal governors for each colony → hated by colonists → removed when Charles died
- **Late 1600s:** huge demand for slaves since more people were needed to support cash crop economy
 - Monopoly on slaves ended → slaves became cheaper to buy → huge boost in slave trade
 - Also increased because of restrictions on indentured servitude by England and labor demand
- Southern society was shaped around the plantation system → large and small plantations
- **1692:** **Salem Witch Trials** started over tensions in the Puritan community → usually targeted middle-age women in low social standing
- **1720s and 1730s:** **Enlightenment** spread throughout Europe before coming to the U.S.
 - Encouraged people to try to find scientific explanations for natural events → Benjamin Franklin and **John Locke** rose to prominence
- **The Great Awakening:** also started in Europe and spread to U.S. as revivalist movement for religion
