

AP English Literature and Composition Syllabus:

Course Overview:

- ❖ The AP English Literature and Composition course is designed with the goal of enhancing students' abilities to explore, comprehend, interpret, evaluate, and appreciate complex literary texts. Upon completion of this course a student should be proficient in discussing literature of varied themes, historical contexts, and genres whether it be in an on-demand, timed writing prompt, an in-depth, scrutinized, and revised essay, or in class discussion.
- ❖ Students entering this course must have the initial expectation that they will read, contemplate, and write about literature extensively. We will write an essay every couple weeks (in analytical, argumentative, and expository forms) and will read every day (novels, creative nonfiction, short stories, and poems). They must be willing to challenge and justify their understandings, attempt to see other perspectives, and discuss in a mature and lively manner.
- ❖ As this course also has the goal of preparing all students to pass the AP English Literature and composition exam, it operates in accordance with the information contained in the latest AP English Literature course description (which I ensure by reviewing it at least once per academic year). The course features practice for both free response and multiple choice portions of the test. We attempt to scaffold students' on demand close reading and writing abilities by repeated practice, group scoring, feedback, and reflection on a variety of sample AP-styled questions and prompts.

Course Texts:

We read a variety of texts (short and long, fiction and creative nonfiction, poetry, etc) that focus on many different universal themes, social commentaries, etc. These texts include time periods from the 1600's forward and represent many cultures (including British and American).

- ❖ The course uses the ninth edition of *The Norton Introduction to Literature (Edited by Booth, Hunter, and Mays)* as the primary Anthology. This text contains stories, poems, and novellas from many different cultures (including British and American) as well as a wide historical and stylistic variety. This Textbook provides
