On Wednesday Dec. 14 you will have to answer one of the following:

1. A professional entertainer is well known for attention getting behaviors; he regularly changes his hair color, has numerous and conspicuous tattoos and is consistently quoted in the media expressing very extreme, highly controversial views.

Discuss the basic points of emphasis of each of the following psychological perspectives, and tell how proponents of each might account for the entertainer's behavior.

- a. Biological perspective
- b. Trait/type perspective
- c. Psychoanalytic/psychodynamic perspective
- d. Behavioral perspective
- e. Humanistic perspective

2. A researcher designs an experiment to study the effect of an audience on individual college students during their performance of a difficult manual dexterity task. He will assign 20 students to each of two conditions. In one, the students will use a pair of tweezers to place small cubes of wood into a box (which has one tiny opening at the top) while being observed by an "audience" of 30 peers; in the second condition, a different set of volunteers will perform the task with no audience present. All participants will have 30 seconds to place as many cubes of wood into the box as possible. The researcher hypothesizes that the group that performs the task with no audience present will outperform the group which works in front of an audience.

Refer specifically to this research scenario in responding to each of the following:

- a. Discuss an issue of operational definitions in this study
- b. Discuss an appropriate procedure for choosing and assigning participants
- c. Identify an experimental group
- d. Identify the control group
- e. Identify the independent variable
- f. Identify the dependent variable
- g. Discuss appropriate controls for any one possible confounding variable
- h. Discuss appropriate controls for possible experimental bias.

Ten Years of Idiographic Science Sergio Salvatore, Jaan Valsiner, 2023-01-01 The first volume of the Yearbook of Idiographic Science YIS was published on 2009 In a nutshell the idea at the grounds of the YIS project is that idiography and nomothetic are not juxtaposed logics

and that the science cannot but be both nomothetic in the aim and idiographic in the modes About thirteen years later the sense and the direction of the YIS project envisaged in the first volume's introduction together with the difficulties to pursue it are still alive and valid Thus to both celebrate the milestone of the tenth issue and to plan the future we asked to some colleagues almost all contributors of previous volumes to discuss what idiographic science means today and what can mean tomorrow The works they have generously provided are very instructive each of them pictures a peculiar perspective on idiography that enables to recognize old and new challenges thus paving the way to innovative ideas and directions [Atlas of Moral Psychology](#) Kurt Gray, Jesse Graham, 2019-11-15 This comprehensive and cutting edge volume maps out the terrain of moral psychology a dynamic and evolving area of research In 57 concise chapters leading authorities and up and coming scholars explore fundamental issues and current controversies The volume systematically reviews the empirical evidence base and presents influential theories of moral judgment and behavior It is organized around the key questions that must be addressed for a complete understanding of the moral mind
