

In-Text Citation with CSE

The Name-Year system is recommended by many professors in the Dalhousie Department of Biology, but if you're not sure which system to use, be sure to check.

author's last name → (Ribbet 2010) ← publication year

All of these pieces of information must match the corresponding reference list entry exactly!

Example in-text citations, from fictional authors and sources:

Research has shown that the demographic of the fly is a key determining factor in the robustness of its flavour (Frog 1998).

You could also place part of the citation in the text as follows:

As mentioned in Frog's seminal article (1998), the demographic of the fly is a key determining factor in the robustness of its flavour.

In this example, the author's name is mentioned in the text itself; therefore, the name need not be repeated in the bracketed citation.
