Heart Thief Skylar Sweeney, 2020-01-15 REX I know what it's like to live on the dark side of that pretty line between black and white Retirement from the assassin's life doesn't change that These hands have seen too much violence to ever wash them clean How ironic that I'm afraid of blood All I want now is a normal life and I've got plenty of cash to make it happen But I have no clue what normal is supposed to look like and I'm running out of time The girl whose life I destroyed the only girl I've ever cared for is the one bright side to my life these days Maybe that's why I haven't put a stop to her desperate campaign for revenge Or maybe I just like watching my beautiful good girl with a vengeance try to play bad MASON For the past ten years my only goal has been to take down the man who stole my brother's heart in the most literal sense but all my brilliant plans tend to turn out more like bad pranks When I snag a job at my enemy's world famous research facility I'm sure this is the chance I've been waiting for But nothing is as it seems in Rex's strange world and I quickly start to question everything I've spent the past decade believing Now my conflicting feelings threaten to unravel everything Will I finally get my revenge or will my heart be the next one Rex steals this time with a kiss HEART THIEF is an enemies to lovers romantic suspense It is the first book in a series about a team of ex assassins and their hunt for a normal life while their old one still has them in its clutches They will keep you at the edge of your seat and grip your emotions as they try to put their scarred past behind them But they will also catch you laughing in the most inappropriate situations as situations often are when they include people who know how to kill in a number of ways Each book in the series will feature a new member of their band of ex assassins and has a HEA They can be read as standalones but I promise you won't want to miss even a second
