Constellations of Reading Carlo Salzani, 2009 How to read Walter Benjamin today This book argues that the proper way is through an approach which recognizes and respects his own peculiar theorization of the act of reading and the politics of interpretation that this entails The approach must be figural that is focused on images and driven by the notion of actualization Figural reading in the very sui generis Benjaminian way understands figures as constellations whereby an image of the past juxtaposes them with an image of the present and is thus actualized To apply this method to Benjamin's own work means first to identify some figures The book singles out the Fl neur the Detective the Prostitute and the Ragpicker and then sets them alongside a contemporary account of the same figure the Fl neur in Juan Goytisolo's *Landscapes after the Battle* 1982 the Detective in Paul Auster's *New York Trilogy* 1987 the Prostitute in Dacia Maraini's *Dialogue between a Prostitute and her Client* 1973 and the Ragpicker in Mudrooroo's *The Mudrooroo Miller Project* 1993 The book thereby on the one hand analyses the politics of reading Benjamin today and on the other sets his work against a variety of contemporary aesthetics and politics of interpretation *Social Sciences Index*, 1987
