The Robbers Cave Experiment Muzafer Sherif, 2012-01-01 Originally issued in 1954 and updated in 1961 and 1987 this pioneering study of small group conflict and cooperation has long been out of print It is now available in cloth and paper with a new introduction by Donald Campbell and a new postscript by O J Harvey In this

famous experiment one of the earliest in inter group relationships two dozen twelve year old boys in summer camp were formed into two groups the Rattlers and the Eagles and induced first to become militantly ethnocentric then intensely cooperative Friction and stereotyping were stimulated by a tug of war by frustrations perceived to be caused by the out group and by separation from the others Harmony was stimulated by close contact between previously hostile groups and by the introduction of goals that neither group could meet alone The experiment demonstrated that conflict and enmity between groups can be transformed into cooperation and vice versa and that circumstances goals and external manipulation can alter behavior Some have seen the findings of the experiment as having implications for reduction of hostility among racial and ethnic groups and among nations while recognizing the difficulty of control of larger groups

Mind Ascribed Bruno Mölder, 2010 This book provides a thoroughly worked out and systematic presentation of an interpretivist position in the philosophy of mind of the view that having mental properties is a matter of interpretation Bruno Molder elaborates and defends a particular version of interpretivism the ascription theory which explicates the possession of mental states with contents in terms of their canonical ascribability and shows how it can withstand various philosophical challenges Apart from a defence of the ascription theory from the objections commonly directed against interpretivism the book provides a critical analysis of major alternative accounts of mental state possession as well as the interpretivist ideas originating from Donald

Davidson and Daniel Dennett The viability of the approach is demonstrated by showing how one can treat mental causation as well as the faculties closely connected with consciousness perception and the awareness of one's own mental states in the interpretivist framework Series A Barron's how to Prepare for the AP Psychology Advanced Placement Examination
