Ap Poetry Lesson 6 Handout 13:

A Biographer at Work Harriet Kirkley, 2002 Contains an edition of unpublished notes that Johnson made as he prepared to write the text of his biographical preface to Pope and examines how Johnson wrote what is arguably the most important preface in the larger collection *Poet of Revolution* Nicholas McDowell, 2020-10-27 This is a new account of the intellectual literary and political development of one the central poets in the English canon Author Nicholas McDowell follows John Milton more or less from his birth in 1608 and his education to his emergence as a polemical prose writer in the 1640s concluding at the moment when Milton turned his pen to defending the execution of Charles I in 1649 in the closing years of the English Civil War though several years before the onset of the poet's blindness and the composition of *Paradise Lost* As the author makes explicit this is not a book about the writing of Milton's great biblical epic rather it is a book about the formation of the mind that eventually would create this epic though only after that same mind of course justified the killing of a king Central to the book is Milton's evolving understanding of the ways in which tyranny defined initially in ecclesiastical and clerical terms but which grows to encompass political organization retards the intellectual and cultural progress of a nation McDowell demonstrates how this understanding was shaped not only by Milton's historical experience of the political turbulence of mid-seventeenth century Britain but also by the interaction between that experience and his intellectual life This the author says was Milton's period of intensive and almost entirely orthodox reading in history and religion and it was then that he came to see any clerical encroachment upon civil authority as tyranny His intellectual pursuits in tandem with wider events led him to turn to explicitly political prose writing in the defence of regicide at the beginning of 1649 This biography of the first half of the poet's life shows us how John Milton the young poet scholar humanist and universalist became John Milton the puritan republican and polemicist *The Gospel According to St. Matthew and Part of the First Chapter of the Gospel According to St. Mark Translated Into English from the Greek with Original Notes, by Sir John Cheke ...
