A. Newman, 2020-10-18 From the beginning of time there has been a struggle between men and women in their relationships and marriages The differences between men and women in particularly with regard to how they both act think and behave is obvious to anyone Unfortunately in our modern world circumstances have evolved to a point where most men and especially for men of any wealth power or fame are being unjustly vilified by women of all ages and are being blamed for every injustice that any woman has either actually endured or believes in her own mind that she has suffered In the justice system in the United States of America an accused individual is supposed to be considered innocent until proven guilty in a court of law That is no longer the case Men who are accused by any woman of some impropriety toward them are instantly assumed to be guilty and their reputations careers financial well being marriages and public status are being destroyed on a daily basis Any accusation against any man no matter how long ago their transgressions supposedly took place are grounds for dragging him through the media and press in order to destroy him The definitions of transgressions by men toward women have also been redefined by women in our society so that the mere act of speaking to any woman may now be declared a criminal act Over the last several years there has been the evolution of the Me Too movement by women which is allegedly intended to empower women to speak out against men who have done them wrong at any point in time that they can remember In recent times men of power and fame in our country have been accused of all sorts of evil and criminal actions against unsuspecting and innocent women of all ages This book is intended for the men of the world especially to those living in the United States to be made aware of what they are risking in their personal and professional lives when dealing with any woman Men need to be aware that relationships with women in our modern society are fraught with personal risk pitfalls and potential disaster including the loss of their freedom All men from the teenage years to those of middle and old age need to be aware of what can easily happen to them at the hands of the women that they let into their lives Men need to understand how women can easily manipulate them and unjustly accuse them of all sorts of things Men need to understand that any women whom they choose to become involved with are not the cute little innocent and naive flowers that they would like to believe that they are All women become involved with men to achieve their own agenda The fairy tale of living happily ever after with any woman is a man trap **House Painting and Decorating ...** A.
