The role of your provincial or territorial Association is to:

- a. Protect the public.
- b. Control the quality of work by a Professional Engineer or Geoscientist

What is the first step your Association would advise you to take?

- a. Blow the whistle on your employer
- b. Report the concern to your Department Manager
- c. Report your employer to your Association
- d. Report your employer to the legal authority -ANSWER The most correct answer is b - to report the concern to your Department Manager.

How do we know this is most correct?

The question is asking us to choose a first step. Don't fall for the trap of deciding what's best for the environment.

A clue to the question is that we are not given many details. So there's not enough information available to reach out to an authority and report a wrongdoing.

Another clue is that blowing the whistle or reporting the act to an authority is used as a last resort. The literature teaches us to gather information or start a discussion first. So a tricky question since they used the word report to your Department Manager.

RED HOT EXAM TIP:
