Aperture Priority Manual Focus Cameras:

Handbook of Ethological Methods Philip N. Lehner, 1998-04-16 At first glance studying behavior is easy but as every budding ethologist quickly realises there are a host of complex practical methodological and analytical problems to solve before designing and conducting the study How do you choose which species or which behavior to study What equipment will you need to observe and record behavior successfully How do you record data in the dark in the wet or without missing part of the action How do you analyse and interpret the data to yield meaningful information This new expanded edition of the Handbook of Ethological Methods provides a complete step by step introduction to ethological methods from topic choice and behavioral description to data collection and statistical analysis This book will be a must for beginning students and experienced researchers studying animal behavior in the field or laboratory

Eclipse Day - 2024 and More! Gordon Telepun, 2022-03-31 This solar eclipse preparation book is unlike any other solar eclipse book you will find It is the ultimate preparation resource for the 2024 solar eclipse If you read this book and use my Solar Eclipse Timer timing app for the eclipse you have no better way to be prepared I write the specific techniques for eclipse observation and photography that I use This is a how to do it book it is a conversation with the reader It is not a book of generic recommendations If you are an eclipse novice and follow my examples you should be wildly successful It is based on my experience of five successful eclipse expeditions and thoughtful analysis of the entire eclipse experience I am also the developer of the Solar Eclipse Timer mobile app that became the number one eclipse guide app for the 2017 U S solar eclipse It was also used during the 2019 and 2020 eclipses In the first section the book s chapters are organized in the order of the progression of events that happen on eclipse day from arriving at your observing site to leaving at the end of the eclipse I have divided eclipse day into 28 stages each of which is a chapter Each chapter then covers everything you need to know about that stage of the eclipse preparation observation photography videography astronomy and science This is a unique organization for an eclipse book Over 100 of my actual eclipse photos are in the book and the exposure settings accompany every eclipse photo so you can figure out how to use your gear to reproduce the exposure I teach you how to assess the performance of your equipment for eclipse photography In addition there are over 140 other photos that support eclipse education More than 225 Illustrations in the book including detailed explanations of how to use the interactive internet maps for planning will guide you through planning your eclipse day and give clarity to all of the unique science and phenomena that embody the eclipse experience Photography videography and observation tips are emphasized throughout the book with over 175 concise single statement color coded dialogue boxes A list of Important Take Away Points is found at the end of the 28 chapters of the book s first section This book is a multimedia experience providing 10 embedded videos 12 image galleries and 18 audio files Where relevant there are hyperlinks to my YouTube videos on eclipse subjects and hyperlinks to other important eclipse videos and resources I ve written four helpful PDF documents and links to them are provided Print these out for your convenience Eclipse Day Check

List Partial Phase Image Sequence Worksheet Photographer s Master Stop Chart and Travel Eclipse Decision Matrix Worksheet There is no other book available that explains in such detail the wonderful phenomena that occur during the partial phases of the eclipse including simple experiments that students can perform Links to my detailed YouTube videos about these phenomena are provided The second section of the book is more like a standard eclipse book with chapters on basic eclipse astronomy photography and videography The eclipse photography chapter outlines a 6 Step process to succeed at your first eclipse Data for using different types of solar filters are included A unique chapter called Mistakes I Have Made briefly outlines every photography error I have made at eclipses so you can learn from my mistakes and not repeat them
