FCAT 2.0 Science

Sample Answers

This booklet contains answers to the FCAT 2.0 Science sample questions, as well as explanations for the correct answers and rationales for the incorrect answers (distractor rationales). It also gives the Next Generation Sunshine State Standards (NGSSS) benchmark assessed by each item. In February 2008, the State Board of Education adopted updated benchmarks. These new benchmarks are included in this booklet to provide teachers with additional information. For more information, follow this link to the NCSSS website: <http://www.floridastandards.org/index.aspx>.

Multiple-choice items in FCAT 2.0 Science tests are scored by awarding one point for each correct answer.

The intent of these sample test materials is to orient teachers and students to the types of questions on FCAT 2.0 tests. By using these materials, students will become familiar with the types of items and response formats that they will see on the actual test. The sample questions and answers are not intended to demonstrate the length of the actual test, nor should student responses be used as an indicator of student performance on the actual test. Additional information about test items can be found in the *FCAT 2.0 Test Item Specifications* at <http://fcat.fl DOE.org/fcat2/itemspecs.asp>.

The sample questions for students and the sample answers for teachers are only available online, at <http://fcat.fl DOE.org/fcat2/fcatitems.asp>.

Raymond, Thomas M. Haladyna, 2015-10-08 The second edition of the Handbook of Test Development provides graduate students and professionals with an up to date research oriented guide to the latest developments in the field Including thirty two chapters by well known scholars and practitioners it is divided into five sections covering the foundations of test development content definition item development test design and form assembly and the processes of test administration documentation and evaluation Keenly aware of developments in the field since the publication of the first edition including changes in technology the evolution of psychometric theory and the increased demands for effective tests via educational policy the editors of this edition include new chapters on assessing noncognitive skills measuring growth and learning progressions automated item generation and test assembly and computerized scoring of constructed responses The volume also includes expanded coverage of performance testing validity fairness and numerous other topics Edited by Suzanne Lane Mark R Raymond and Thomas M Haladyna The Handbook of Test Development 2nd edition is based on the revised Standards for Educational and Psychological Testing and is appropriate for graduate courses and seminars that deal with test development and usage professional testing services and credentialing agencies state and local boards of education and academic libraries serving these groups Assalto all'infanzia Joel Bakan, 2012-04-18 T00:00:00+02:00 C forse qualcosa che non va se milioni di bambini e ragazzi paiono totalmente risucchiati dai videogame e dalla vita sociale online e passano pi tempo a maneggiare i vari congegni elettronici di quanto ne trascorrono a scuola Non dovremmo forse preoccuparci se molto di ci che guardano ha a che fare con situazioni di violenza o presenta riferimenti sessuali Perch l obesit infantile sempre pi in aumento E come mai i medici tendono sempre pi a trattare i classici comportamenti adolescenziali con la somministrazione di farmaci antidepressivi Possiamo immaginare una relazione tra i problemi cronici di salute dei bambini e l immissione nell ambiente di migliaia di

prodotti chimici in grandi quantit. Con questo libro manifesto Joel Bakan ci apre gli occhi sul fatto che tutti questi fenomeni e molti altri ancora non sono casuali ma derivano da precise scelte industriali e commerciali cinicamente pianificate e perseguite dalle grandi corporation che da tempo puntano con forza al ricco mercato dell'infanzia e dell'adolescenza. Il loro obiettivo: Trasformare i nostri ragazzi in consumatori sfrenati. Ma arrivato il momento di dire basta. Questo libro ci mostra come.

Overview of M-DCPS' Christie Blazer, 2009. This Information Capsule answers the most frequently asked questions about M-DCPS academic performance during the 2008-09 school year. M-DCPS earned a performance grade of B in 2009 and was only four points short of an A. Over half of the District's schools (58 percent) earned an A, and the percent of C, D, and F schools decreased from 35 percent in 2008 to 27 percent in 2009. Overall, the District's performance on the FCAT improved from 2008 to 2009. In reading and mathematics, the percent of the District's students scoring at the higher achievement levels increased at the majority of grade levels. In Writing and Science, performance improved at the elementary level. Although White students continued to score higher than Black or Hispanic students in all subject areas and grade levels, the District made progress closing the achievement gap. The largest reductions were observed in reading and mathematics with Black and Hispanic students closing their score gaps with White students in five to seven of the eight grade levels tested. Contains 8 figures and 2 tables.
