

FOREWORD

This manual contains an introduction designed to help you learn the basics of safe and proper use of the motorcycle and provides for its proper maintenance and handling of its main components. Other information considered as "primary" should be well learned.

Read this (English) manual carefully before you start with the motorcycle and its main parts. Use this section as well as other sections as a guide for proper inspection and service.

This manual will help you know the motorcycle but not as fast as you can obtain your education of safe and sound service.

- This manual has been prepared on the basis of the latest specifications at the time of print. When a modification has been made after this, attention has been directed to the rest of the manual and the actual motorcycle.
- Descriptions in the manual are used to show the latest procedure of operation and work procedures. They may not represent the actual motorcycle exactly in detail.
- This manual is written for persons who have enough knowledge, skills and tools, including special tools, for servicing Suzuki motorcycles. If you do not find the proper word, size and tool, ask your authorized Suzuki motorcycle dealer to help you.

WARNING

Improper use, installation or maintenance will not be proper and may cause injury or death. Be sure to properly perform the service described in this manual. Important points that must be taken to the motorcycle and its parts are the motorcycle itself, the tools and equipment.

IMPORTANT

All overseas Suzuki motorcycles with engine displacement of 150cc or greater are subject to European Union (EU) emissions regulations. These regulations set specific standards for exhaust emissions output levels as well as vehicles' running requirements. This manual includes specific information required to properly inspect and service the vehicle in accordance with all other regulations. It is strongly recommended that the chapter on Emission Control, Periodic Servicing and Lubrication be thoroughly reviewed before any type of service work is performed.

Further information concerning the EU emissions regulations can be found in the EU Emissions Control program and be found in the EU Emissions Control Information Manual (EUROPEAN SPECIFICATIONS) available.
