Boarding the watercraft

EW405113

WARNING

Be sure the operator and any passengers have practiced boarding from the water while still close to shore before riding. A person who has made many unsuccessful attempts to get back on the watercraft may become fatigued and suffer from exposure, increasing the risk of injury and drowning.

Board the watercraft in water free from weeds and debris and at least 60 cm (2 ft) deep from the bottom of the watercraft. **NOTICE:** Never run the engine in water that is less than 60 cm (2 ft) deep from the bottom of the watercraft, otherwise pebbles or sand could be sucked into the jet

intake, causing impeller damage and engine overheating. (EU400473)

EU404463

Boarding alone

- (1) From the rear of the watercraft, lower the reboarding step with one hand and hold it in place.

- (2) Put one foot on the step, and then grasp the reboarding grip with your other hand.
