Picciano,2016-09-13 Online Education Policy and Practice examines the past present and future of networked learning environments and the changing role of faculty within them As digital technologies in higher education increasingly enable blended classrooms collaborative assignments and wider student access an understanding of the creation and ongoing developments of these platforms is needed more than ever By investigating the history of online education the rise and critique of MOOCs the mainstreaming of social media mobile devices gaming in instruction and more this expansive book outlines a variety of potential scenarios likely to become realities in higher education over the next decade **Online Communication** Andrew F. Wood,Matthew J. Smith,2004-09-22 Online Communication provides an introduction to both the technologies of the Internet Age and their social implications This innovative and timely textbook brings together current work in communication political science philosophy popular culture history economics and the humanities to present an examination of the theoretical and critical issues in the study of computer mediated communication Continuing the model of the best selling first edition authors Andrew F Wood and Matthew J Smith introduce computer mediated communication CMC as a subject of academic research as well as a lens through which to examine contemporary trends in society This second edition of Online Communication covers online identity mediated relationships virtual communities electronic commerce the digital divide spaces of resistance and other topics related to CMC The text also examines how the Internet has affected contemporary culture and presents the critiques being made to those changes Special features of the text include Hyperlinks presenting greater detail on topics from the chapter Ethical Inquiry posing questions on the nature of human communication and conduct online Online Communication and the Law examining the legal ramifications of CMC issues Advanced undergraduates graduate students and researchers interested in the field of computer mediated communication as well as those studying issues of technology and culture will find Online Communication to be an insightful resource for studying the role of technology and mediated communication in today s society Plato's Socrates as Educator Gary Alan Scott,2000-10-19 Despite his ceaseless efforts to purge his fellow citizens of their unfounded opinions and to bring them to care for what he believes to be the most important things Plato s Socrates rarely succeeds in his pedagogical project with the characters he encounters This is in striking contrast to the historical Socrates who spawned the careers of Plato Xenophon and other authors of Socratic dialogues Through an examination of Socratic pedagogy under its most propitious conditions focusing on a narrow class of dialogues featuring Lysis and Alcibiades this book answers the question why does Plato portray his divinely appointed gadfly as such a dramatic failure **Plato's Cratylus** David Sedley,2003-11-06 Plato s Cratylus is a brilliant but enigmatic dialogue

It bears on a topic the relation of language to knowledge which has never ceased to be of central philosophical importance but tackles it in ways which at times look alien to us In this reappraisal of the dialogue Professor Sedley argues that the etymologies which take up well over half of it are not an embarrassing lapse or semi private joke on Plato s part On the contrary if taken seriously as they should be they are the key to understanding both the dialogue itself and Plato s linguistic philosophy more broadly The book s main argument is so formulated as to be intelligible to readers with no knowledge of Greek and will have a significant impact both on the study of Plato and on the history of linguistic thought Artificial Intelligence Gennady S. Osipov,Aleksandr I. Panov,Konstantin S. Yakovlev,2019-10-17 This volume contains selected tutorial and young scientist school papers of the 5th RAAI Summer School on Artificial Intelligence held in July 2019 at Institute of Physics and Technology MIPT campus in Dolgoprudny a suburb of Moscow Russia The 11 chapters in this volume present papers focusing on various important aspects of Multiagent systems Behavior planning Natural language processing Modeling of reasoning and Machine learning and data analysis *Thinking Through Stories* Thomas E. Wartenberg,2022-02-20 This book provides justification and instruction for exploring philosophy with children especially by using picture books to initiate philosophical discussion By demonstrating to teachers and others that picture books often embed philosophical issues into their narratives and that this makes picture books a natural place to go to help young children investigate philosophical issues the author offers a straightforward approach to engaging young students In particular this volume highlights how philosophical dialogue enhances children s sense of self provides a safe space for the discussion of issues that they are confronted with in living their lives and develops an admirable method for resolving conflict that the children can use in other contexts Plato's Statesman Plato,1992-01-01 This edition of Martin Ostwald s revised version of J B Skemp s 1952 translation of Statesman includes a new selected bibliography as well as Ostwald s interpretive introduction which traces the evolution in Plato s political philosophy from Republic to Statesman to Laws from philosopher king to royal statesman *Creating Teacher Immediacy in Online Learning Environments* D'Agustino, Steven,2016-03-31 Educators are finding that communication and interaction are at the core of a successful web based classroom This interactivity fosters community which contributes to effective and meaningful learning Positive online communities and the communication therein encourage students to interact with others views which not only grows one s empathy but is an integral part of constructivist learning theories Because of this the most important role of an educator in an online class is one that ensures student interactivity and engagement Creating Teacher Immediacy in Online Learning Environments addresses the most effective models and strategies for nurturing teacher immediacy in web based and virtual learning environments A number of innovative methods for building an authentic personalized online learning experience are outlined and discussed at length within this publication providing solutions for pre service as well as in service educators This book is a valuable compilation of research for course designers faculty students of education administration software designers and

higher education researchers Plato's Best Thoughts Plato, 1876 **Oxford Studies in Ancient Philosophy, Volume 56**
Victor Caston, 2019-10-24 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy. The articles may be of substantial length and include critical notices of major books. OSAP is now published twice yearly in both hardback and paperback. Have you seen the latest OSAP? It is what scholars of ancient philosophy say to each other when they meet in corridors or on coffee breaks. Whether you work on Plato or Aristotle, on Presocratics or sophists, on Stoics, Epicureans or Sceptics, on Roman philosophers or Greek Neoplatonists, you are liable to find OSAP articles now dominant in the bibliography of much serious published work in your particular subject. Not safe to miss. Malcolm Schofield, Cambridge University. OSAP was founded to provide a place for long pieces on major issues in ancient philosophy. In the years since it has fulfilled this role with great success, over and over again publishing groundbreaking papers on what seemed to be familiar topics and others surveying new ground to break. It represents brilliantly the vigour and the increasingly broad scope of scholarship in ancient philosophy and shows us all how the subject should flourish. M. M. McCabe, King's College London, 2001.
