Park, 2019-05-17 Korean Americans A Concise History tells the untold stories of the pioneering immigrants the newly discovered tale of the first Koreatown USA and about the first Korean aviator The textbook conveys the Korean American experience by highlighting important moments people and incidents that defines this small community The book takes readers on a journey starting with the beginning of Korean immigration to the United States to present day issues trends and identity

A History of Modern Latin America Teresa A. Meade, 2022-08-09 Explores the modern history of Latin America using an intersectional approach newly revised and updated A History of Modern Latin America 1800 to the Present Third Edition offers a lively account of the rich political cultural and social history of the independent nation states of Latin America and the Caribbean Viewing Latin American history through the lens of social class gender race and ethnicity this accessible textbook explores the complex set of personalities issues and events that intersect to form the Latin American historical landscape Written in a clear and engaging narrative style the fully updated third edition examines specific events in different nations and periods to illustrate broader historical trends and interpretations Concise chapters feature first hand accounts of the life history of both prominent and ordinary people to contextualize topics such as African slavery in the Americas the struggle for Haitian independence the patriarchal rules governing marriage in Brazil the construction of the Panama Canal indigenous uprisings in the Mexican Revolution the impact of immigration on Latin American life the opening of diplomatic relations between the United States and Cuba and more Presents documents and excerpts from fiction to serve as concrete examples of historical ideas Examines gender and its influence on political and economic change Highlights the role of music art sports movies and other popular culture in the formation of Latin American cultural identity Includes a summary of European colonialism and an overview of Latin America in the 21st century Provides end of chapter review questions discussion topics and suggested readings Part of the popular Wiley Blackwell Concise History of the Modern World series the third edition of A History of Modern Latin America 1800 to the Present is an excellent textbook for introductory and intermediate undergraduate students as well as high school students taking advanced honors Latin American history courses

[The Routledge History of American Science](#) Timothy W. Kneeland, 2022-12-01 The Routledge History of American Science provides an essential companion to the most significant themes within the subject area The field of the history of

science continues to grow and expand into new areas and to adopt new theories to explain the role of science and its connections to politics economics religion social structures intellectual history and art This book takes North America as its focus and explores the history of science in the region both nationally and internationally with 27 chapters from a range of disciplines Part I takes a chronological look at the history of science in America from its origins in the Atlantic World through to the American Revolution the Civil War the World Wars and ending in the postmodern era Part II discusses American science in practice from scientists as practitioners laboratories and field experiences to science and religion Part III examines the relationship between science and power The chapters touch on the intersection of science and imperialism environmental science in U S politics as well as capitalism and science Finally Part IV explores how science is embedded in the culture of the United States with topics such as the growing importance of climate science the role of scientific racism the construction of gender and how science and disability studies converge The final chapter reviews the way in which society has embraced or rejected science with reflections on the recent pandemic and what it may mean for the future of American science This book fills a much needed gap in the history and historiography of American science studies and will be an invaluable guide for any student or researcher in the history of science in America **The Publishers' Trade List Annual** ,1918

American Farmers' Magazine ,1854 The American School Board Journal William George Bruce,William Conrad Bruce,1895 **University of Michigan Official Publication** ,1943 *A Short History of Richmond* Jack Trammell & Guy Terrell,2017-12-04 The seven hills at the James River fall line that Captain John Smith first witnessed in 1607 became the site of a pivotal American city Richmond was a birthplace of the American Revolution It became the permanent capital of Virginia and served as the capital of the Confederacy during the Civil War In the early twentieth century industry expanded in the city as companies like DuPont and Philip Morris built factories Cultural institutions expanded with Richmond s first radio station and movie theater opening in the 1920s before the Great Depression hit the city hard The city rose from financial struggle to a highly industrialized center for manufacturing and vital transportation hub Join authors Jack Trammell and Guy Terrell as they narrate the rich history of the River City America Builds a School System Benjamin William Frazier,John Lund,Kent State University,Mary Dabney Davis,Mary Evalyn Crookston,Max Lederer,Nora Ernestine Beust,United States. Office of Education,1941 **The Bicentennial of the United States of America** American Revolution Bicentennial Administration,1977 **Writing History from the Margins** Claire Parfait,Hélène Le Dantec-Lowry,Claire Bourhis-Mariotti,2016-09-13 With contributions from leading American and European scholars this collection of original essays surveys the actors and the modes of writing history from the margins of society focusing specifically on African Americans Nearly 100 years after The Journal of Negro History was founded this book assesses the legacy of the African American historians mostly amateur historians initially who wrote the history of their community between the 1830s and World War II Subsequently the growth of the civil rights movement further changed historical paradigms and the place of

African Americans and that of black writers in publishing and in the historical profession Through slavery and segregation self educated and formally educated Blacks wrote works of history often in order to inscribe African Americans within the main historical narrative of the nation with a two fold objective to make African Americans proud of their past and to enable them to fight against white prejudice Over the past decade historians have turned to the study of these pioneers but a number of issues remain to be considered This anthology will contribute to answering several key questions concerning who published these books and how were they distributed read and received Little has been written concerning what they reveal about the construction of professional history in the nineteenth century when examined in relation to other writings by Euro Americans working in an academic setting or as independent researchers
