

Postwar America, 1945–1960

The economic boom that followed World War II, funded in part by the GI Bill, created a large middle-class population. This newly prosperous group purchased luxury goods, including televisions. The rapid rise of television changed mass media and contributed to the emergence of a youth culture. Unfortunately, many millions remained trapped in poverty.

DIRECTIONS: The chart below lists statements about life in America in the 1950s. Complete the chart by supplying information to support each statement.

Annual National Convention, 2007 The American Experience in World War II: Remembering and representing the Second World War Walter L. Hixson, 2003 **Economics, Today & Tomorrow** Roger LeRoy Miller, 1995 Applies traditional economic theory to contemporary problems such as unemployment inflation and conflicting economic systems Good Toys, Bad Toys Andrew McClary, 2015-02-18 In early America most children had only a few toys and parents received advice from family and friends on the best ways to make and use toys By the early 1900s the Industrial Revolution was producing a new world of toys and giving more parents the wealth to buy them Mass media also sang the praises of these new factory made store bought toys

but that began to change as early as the mid 1900s when the mass media was used to inform parents of the many dangers of children's toys. Many encourage violence, sexism, racism, and some are actually unsafe and unhealthy. The development of children's toys from early America to the present time and the shifting opinions of them expressed by parents and the mass media throughout this time are the main subjects of this book. The first section discusses the many problems with toys while the second puts these problems in historical perspective. How have these problems changed and are still changing today? Might today's toys be about to enter a time when they will be better than ever? The third section argues that many media toy watchers are biased toward the negative, giving toys more of a black eye than they deserve and considers the challenges that face today's parents as they try to choose the best toys for their children. *The American Journey* Joyce Oldham

Appleby, Alan Brinkley, James M. McPherson, 2003 **Rising Fascism in America** Anthony DiMaggio, 2021-12-30 **Rising Fascism in America** It Can Happen Here explores how rising fascism has infiltrated U.S. politics and how the media and academia failed to spot its earlier rise. Anthony R. DiMaggio spotlights the development of rightwing polarization of the media. Trump's political ascendance and the prominence of extremist activists including in Congress. Fascism has long bubbled under the surface until the coup attempt of January 6th, 2021. This book offers tactics to combat fascism, exploring social movements such as Antifa and Black Lives Matter in mobilizing the public. When so little scholarship engages the question of fascism, Anthony R. DiMaggio combines the rigor of academic analysis with an accessible style that appeals to student and general readers. **World Geography** Phillip Bacon, 1989 U.S. News & World Report, 1995 **(Re)Teaching**

Trayvon: Education for Racial Justice and Human Freedom Venus E. Evans Winters, Magaela C. Bethune, 2014-12-03 The authors bring you in this edited volume a collection of essays that address the relationship between racial violence, media, the criminal justice system, and education. This book is unique in that it brings together the perspectives of university professors, artists, poets, community activists, classroom teachers, and legal experts. With the Trayvon Martin murder and legal proceedings at the center of reflection and analysis, authors poignantly provide insight into how racial violence is institutionalized and consumed by the mass public. Authors borrow from educational theory, history, gender studies, sociology, cultural studies, the arts, legal scholarship, and personal reflection to begin the dialogue on how to move toward education for racial and social justice. The book is recommended for secondary educators, community organizers, undergraduate and graduate social science and education courses. **Congressional Record** United States Congress, 1999 **American**

Deplorables' Guide to Making America Great Again Todd Starnes, 2017 President Obama called us bitter. Hillary Clinton called us irredeemable. The mainstream media called us backwater bigots. We were mocked by Hollywood and dismissed by academics. We were marginalized by the media, bullied and belittled by sex and gender revolutionaries. But all that changed on

Election Day and now it's time for all of us Deplorables to get to work. Our long national nightmare may be over but that doesn't mean we can take a vacation to Dollywood just yet. We've got some work to do, folks. After President Reagan brought morning to America, conservatives took a nap. We grew complacent. And faster than you could say "Read my lips," the nation elected a community organizer overlord. So how can we prevent that from happening again? In *The Deplorable's Guide to Making America Great Again*, Todd Starnes offers practical advice on fighting and winning the war on traditional American values. Armed with the Bible in one hand and his signature wit in the other, Starnes shows you how to be a happy warrior.
