Value of the Vagina: How to Make Any Man Do Anything Ronnie Bo,2016-09-15 Is the value of money determined by the Value Of The Vagina Are all women worthy of worship Could one woman change the whole world The answer is yes Yes and YES Why would you allow any man to use you and abuse you like a pet when you could be the master of every man and make them all your puppets Why allow your emotions to be played with like a game when you could be worshipped as a goddess Why allow any man to treat you like trash when you are truly every man s treasure The answer is you don t know

your worth You Don t Know Your Worth and YOU DON T KNOW YOUR WORTH Close your legs and open your mind This book contains the key to unlock the psychological chains on your mind so that you could open the doors to freedom fortune and fame This is a man s world But before it was a man s world it was a woman s world And now with this guide available to women worldwide this world will soon be ruled by women once again *The Routledge Dictionary of Modern American Slang and Unconventional English* Tom Dalzell,2009 Rev ed of Dictionary of slang and unconventional English by E Partridge 8th ed 1984 **Sexuality and Crime** Anthony Walsh,2023-06-16 Written by one of the leading figures in biosocial criminology and evolutionary psychology this work explores the tight relationship between criminality and indiscriminate sexuality within the framework of life history theory The underlying thesis is that traits associated with a strong libido indiscriminately expressed are intertwined with traits associated with criminal behavior that is excessive interest in sexual adventures pursued in an irresponsible way is undergirded by the same individual short run hedonistic traits that define criminality While traditional criminology tends to view sexual and criminal behavior as separate domains many biosocial criminologists evolutionary psychologists neuroscientists and behavioral and molecular geneticists are not at all surprised that a link exists between criminality and sexuality Research shows that the statistical relationship between indiscriminate sexuality and criminal behavior is stronger than for most other variables associated with crime although most studies dealing with this relationship are from outside the dominant environmentalist paradigm of criminology Using life history theory as the theoretical umbrella for exploring the relationship between indiscriminate sexuality and criminal behavior the book explores how and why criminal behavior is related to hypersexuality Life history theory which has a long and fruitful history of use among evolutionary biologists who use it to investigate the relationship between mating strategies and the environment among various species of animals including humans is particularly suited to understanding how an exclusive focus on mating effort is related to criminal behavior This book will be of interest to scholars and students in criminology psychology and sociology and anyone interested in examining the interconnection between biological psychological and socio environmental factors in relation to criminal behavior *Delinquency in Society* Robert M.
