

AMERICAN APOCALYPSE

A HISTORY OF MODERN EVANGELICALISM

Matthew Avery Tison

American Apocalypse A History Of Modern Evangelicalism

Margo Kitts

American Apocalypse A History Of Modern Evangelicalism:

American Apocalypse Matthew Avery Sutton, 2014-12-15 In the first comprehensive history of American evangelicalism to appear in a generation Matthew Sutton shows how charismatic Protestant preachers anticipating the end of the world paradoxically transformed it Narrating the story from the perspective of the faithful he shows how apocalyptic thinking influences the American mainstream today

American Apocalypse Matthew Avery Sutton, 2014-12-15 A Choice Outstanding Academic Title 2015 The first comprehensive history of modern American evangelicalism to appear in a generation American Apocalypse shows how a group of radical Protestants anticipating the end of the world paradoxically transformed it The history Sutton assembles is rich and the connections are startling New Yorker American Apocalypse relentlessly and impressively shows how evangelicals have interpreted almost every domestic or international crisis in relation to Christ's return and his judgment upon the wicked Sutton sees one of the most troubling aspects of evangelical influence in the spread of the apocalyptic outlook among Republican politicians with the rise of the Religious Right American Apocalypse clearly shows just how popular evangelical apocalypticism has been and during the Cold War how the combination of odd belief and political power could produce a sleepless night or two D G Hart Wall Street Journal American Apocalypse is the best history of American evangelicalism I've read in some time If you want to understand why compromise has become a dirty word in the GOP today and how cultural politics is splitting the nation apart American Apocalypse is an excellent place to start Stephen Prothero Bookforum

Turning Points in the History of American Evangelicalism

Heath W. Carter, Laura Rominger Porter, 2017 The history of American evangelicalism is perhaps best understood by examining its turning points those moments when it took on a new scope challenge or influence The Great Awakening the rise of fundamentalism and Pentecostalism the emergence of Billy Graham all these developments and many more have given shape to one of the most dynamic movements in American religious history Taken together these turning points serve as a clear and helpful roadmap for understanding how evangelicalism has become what it is today Each chapter in this book has been written by one of the world's top experts in American religious history and together they form a single narrative of evangelicalism's remarkable development Here is an engaging balanced coherent history of American evangelicalism from its origins as a small movement to its status as a central player in the American religious story from publisher

The Oxford Handbook of Christian Fundamentalism Andrew Atherstone, David Ceri Jones, 2024-01-18 This authoritative volume offers the fullest account to date of Christian fundamentalism its origins in the nineteenth century and its development up to the present day It looks at the movement in global terms and through a number of key subjects and debates in which it is actively engaged

A Documentary History of Religion in America Edwin Scott Gaustad, Mark A. Noll, Heath W. Carter, 2018 Students and scholars have long turned to the two volume Documentary History of Religion in America for access to the most significant primary sources relating to American religious history Published here in a single volume for the first time the

work in this fourth edition has been both updated and condensed allowing instructors to more easily use the material in one semester

Themelios, Volume 40, Issue 1 D. A. Carson, 2015-05-18 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary

American Christian Programmed Quaker Ecclesiology Derek Brown, 2024-02-06 In American Christian Programmed Quaker Ecclesiology Derek Brown argues that American Christian Programmed Quakerism has inherited a practical and pragmatic ecclesiology at the expense of an ontological understanding of the church Inspired by the work of Gerben Heitink Brown proposes a normative deductive ontological ecclesiology based on the biblical concept of koinonia which would act as a foundational model for future confessional empirical and practical efforts To help form the proposed ecclesiology Brown explores the ecclesiological views of George Fox and Robert Barclay the adoption of the pastoral system and the emergence of the Evangelical Friends Church The ecclesiological writings of Miroslav Volf Wolfhart Pannenberg Hans K ng Jennifer Buck and C Wess Daniels are also surveyed

The Cambridge Companion to American Protestantism Jason E.

Vickers, Jennifer Woodruff Tait, 2022-05-26 A comprehensive guide from both chronological and a topical perspective to a broad diverse deeply rooted and influential religious tradition

Survival and Resistance in Evangelical America

Crawford Gribben, 2021 Over the last thirty years conservative evangelicals have been moving to the Northwest of the United States where they hope to resist the impact of secular modernity and to survive the breakdown of society they anticipate This book examines the origins evolution and cultural reach of the migration and considers what it might tell us about the future of American evangelicalism

9789462704688 Aaldert Prins, 2025-06-16 From Hope to Hardship begins with the missionary

quest of Ralph and Edith Norton who assisted John Wilbur Chapman around the turn of the twentieth century at the height of

his success as a mass evangelist in major US cities and worldwide The book explores the origins and development of the Nortons campaign and the interactions between a transatlantic faith mission and the broader landscape of Belgian Protestantism Through a detailed account of the historical context in a vivid narrative the author examines how the theological framework of first wave fundamentalism was creatively applied in a transcultural missionary context introducing the reader to the mission s evangelistic strategies against the socio political and religious background of post World War I Belgium In this comprehensive monograph Aaldert Prins offers a well documented and nuanced understanding of the mission s successes struggles and leadership changes making this book an essential read for anyone interested in the history of transnational evangelicalism and its missionary endeavors

The Oxford Handbook of the Bible in America Paul C. Gutjahr, 2017 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation s politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible s role in American cultural formation

The Cambridge Companion to Religion and War Margo Kitts, 2023-05-11 Why is religion intertwined with war and violence These chapters offer nuanced discussions of the key histories and themes

Antisemitism Before the Holocaust Richard E. Frankel, 2023-04-07 This book examines the history of antisemitism in the United States and Germany in a novel way by placing the two countries side by side for a sustained comparison of the anti Jewish environments in both countries from the 1880s to the end of World War II Author Richard E Frankel shatters the widely held notion of exceptionalism in Germany and America the belief that antisemitism in Germany was uniquely murderous and led inevitably to the Holocaust and that antisemitism in the United States was uniquely benign making an American Holocaust all but unthinkable In a series of new and previously published essays that have been revised updated and expanded the book relates antisemitism to issues including Jewish and Chinese immigration discrimination and exclusion World War I and its aftermath Hitler and Henry Ford Nazis the American Right and the Roosevelt Administration and a German Ku Klux Klan Taken together these essays reveal that antisemitism in Germany was less aberrant than commonly believed and that

American antisemitism was indeed dangerous and more similar to what existed in Germany during the same period

Antisemitism Before the Holocaust is an essential volume for students and scholars alike interested in European and American history the history of the Holocaust and World War I

The ^ARise and Fall of the Neoliberal Order Gary Gerstle,2022-03-01 In The Rise and Fall of the Neoliberal Order Gary Gerstle provides a sweeping re interpretation of the entire era from the revival of market liberalism in the 1970s to the ruin generated by the 2008 global financial crisis that places America at the center For many neoliberalism is a term of opprobrium and their critique of it is simple it prioritizes free market principles over people and under the guise of expanding individual choice throughout the world has dramatically shifted power toward capital While sympathetic to the regime s critics Gerstle contends that the largely negative conventional wisdom misses the full contours of what neoliberalism was and why its worldview exerted such persuasive hold on both right and left for so long

The Crisis of Evangelical Christianity Keith C. Sewell,2016-04-26 In the broad context of Christianity as it developed over two millennia and with special reference to the last three centuries this discussion finds that Evangelicalism has repeatedly offered a reduced and distorted understanding of the faith The evangelical outlook is much less scriptural than evangelicals generally assume When it comes to appreciating the order of creation our calling to develop integral Christian thinking and living the religious significance of culture and the coming of the kingdom reductionist Evangelicalism struggles with its only rarely acknowledged deficiencies As a result we have all too often ended up with a Christianity shorn of its cosmic scope and wide cultural implications and restricted to institutional church life and the cultivation of private spiritual experience The consequences are frequently enervating and corrosive Without disregarding what is important in the past evangelicals are here challenged to take the Bible much more seriously and thereby transcend the limitations of their habitual reductionism Evangelicals are encouraged to embrace an integral and full orb ed understanding of Christian discipleship that will equip the faithful to address the deep and complex challenges of the twenty first century

Fundamentalism and American Culture George M. Marsden,2022 Fundamentalism and American Culture has long been considered a classic in religious history and to this day remains unsurpassed Now available in a new edition this highly regarded analysis takes us through the full history of the origin and direction of one of America s most influential religious movements In the twenty first century militantly conservative white evangelicals have become more prominent than ever in American life Marsden s volume which now takes the history through the end of the Trump administration remains the essential starting point for understanding the degree to which that militancy has been shaped by the fundamentalist heritage of the twentieth century For Marsden fundamentalists are in the broadest sense conservative evangelicals who are willing to take a stand and to fight Yet their militancy needs to be understood in the light of some specific aspects of their heritage In the late nineteenth century American Protestantism was gradually dividing between liberals who were accepting new scientific and higher critical views that contradicted the Bible and defenders of the more

traditional evangelicalism Often the traditionalists were also innovators in affirming apocalyptic prophecies of the imminent destruction of modern civilization and the return of Christ By the 1920s a full fledged fundamentalist movement had developed in protest against theological changes in the churches the teaching of biological evolution in schools and changing mores in the culture Fundamentalists often were conflicted by impulses to separate from condemned modern culture or to take back America as a Christian nation Even with such tensions fundamentalists built networks of evangelists Bible conferences Bible institutes and mission agencies These coalesced into major religious movements that proved to have remarkable staying power Beginning in the 1970s fundamentalist impulses led to increasing overt political mobilization and the rise of the religious right In the twenty first century militant fundamentalist zeal to preserve Biblicist doctrinal and behavioral purity in churches remained strong but often was overshadowed by more widely popular impulses of Christian nationalism and political partisanship

The Other Evangelicals Isaac B. Sharp, 2023-04-18 What s the first thing that comes to mind when you hear evangelical For many the answer is white patriarchal conservative or fundamentalist but as Isaac B Sharp reveals the big tent of evangelicalism has historically been much bigger than we ve been led to believe In *The Other Evangelicals* Sharp brings to light the stories of those twentieth century evangelicals who didn t fit the mold including Black feminist progressive and gay Christians Though the binary of fundamentalist evangelicals and modernist mainline Protestants is taken for granted today Sharp demonstrates that fundamentalists and modernists battled over the title of evangelical in post World War II America In fact many ideologies characteristic of evangelicalism today such as biblical womanhood and political conservatism arose only in reaction to the popularity of evangelical feminism and progressivism Eventually history was written by the winners the Billy Grahams of American religion while the losers were expelled from the movement via the establishment of institutions such as the National Association of Evangelicals Carefully researched and deftly written *The Other Evangelicals* offers a breath of fresh air for scholars seeking a more inclusive history of religion in America Q Spirit Top 23 LGBTQ Christian Books List 2023

A Companion to American Religious History Benjamin E. Park, 2021-02-09 A collection of original essays exploring the history of the various American religious traditions and the meaning of their many expressions *The Blackwell Companion to American Religious History* explores the key events significant themes and important movements in various religious traditions throughout the nation s history from pre colonization to the present day Original essays written by leading scholars and new voices in the field discuss how religion in America has transformed over the years explore its many expressions and meanings and consider religion s central role in American life Emphasizing the integration of religion into broader cultural and historical themes this wide ranging volume explores the operation of religion in eras of historical change the diversity of religious experiences and religion s intersections with American cultural political social racial gender and intellectual history Each chronologically organized chapter focuses on a specific period or event such as the interactions between Moravian and Indigenous communities the

origins of African American religious institutions Mormon settlement in Utah social reform movements during the twentieth century the growth of ethnic religious communities and the rise of the Religious Right An innovative historical genealogy of American religious traditions the Companion Highlights broader historical themes using clear and compelling narrative Helps teachers expose their students to the significance and variety of America's religious past Explains new and revisionist interpretations of American religious history Surveys current and emerging historiographical trends Traces historical themes to contemporary issues surrounding civil rights and social justice movements modern capitalism and debates over religious liberties Making the lessons of American religious history relevant to a broad range of readers The Blackwell Companion to American Religious History is the perfect book for advanced undergraduate and graduate students in American history courses and a valuable resource for graduate students and scholars wanting to keep pace with current historiographical trends and recent developments in the field

Religion, Populism, and Modernity Atalia Omer, Joshua Lupo, 2023-09-15

In this timely book an interdisciplinary group of scholars investigates the recent resurfacing of White Christian nationalism and racism in populist movements across the globe Religion Populism and Modernity examines the recent rise of White Christian nationalism in Europe and the United States focusing on how right wing populist leaders and groups have mobilized racist and xenophobic rhetoric in their bids for political power As the contributors to this volume show this mobilization is deeply rooted in the broader structures of western modernity and as such requires an intersectional analysis that considers race gender ethnicity nationalism and religion together The contributors explore a number of case studies including White nationalism in the United States among both evangelicals and Catholics anti and philosemitism in Poland the Far Right party Alternative for Germany Islamophobia in Norway and France and the entanglement of climate change opposition in right wing parties throughout Europe By extending the scope of these essays beyond Trump and Brexit the contributors remind us that these two events are not exceptions to the rule of the normal functioning of liberal democracies Rather they are in fact but recent examples of long standing trends in Europe and the United States As the editors to the volume contend confronting these issues requires that we not only unearth their historical precedents but also imagine futures that point to new ways of being beyond them Contributors Atalia Omer Joshua Lupo Philip Gorski Jason A Springs R Scott Appleby Richard Amesbury Genevi ve Zubrzycki Yolande Jansen Jasmijn Leeuwenkamp Sindre Bangstad and Ebrahim Moosa

Servanthood of Song Stanley R. McDaniel, 2024-05-23 Servanthood of Song is a history of American church music from the colonial era to the present Its focus is on the institutional and societal pressures that have shaped church song and have led us directly to where we are today The gulf which separates advocates of traditional and contemporary worship Black and White Protestant and Catholic is not new History repeatedly shows us that ministry to be effective must meet the needs of the entire worshiping community not just one segment age group or class Servanthood of Song provides a historical context for trends in contemporary worship in the United States and suggests that the current polemical divisions between

advocates of contemporary and traditional classically oriented church music are both unnecessary and counterproductive It also draws from history to show that to be the powerful component of worship it can be music whatever the genre must be viewed as a ministry with training appropriate to that Servanthood of Song provides a critical resource for anyone considering a career in either musical or pastoral ministries in the American church as well as all who care passionately about vital and authentic worship for the church of today
