Neuroscience Certification Review for Nurses Kendra Menzies Kent, 2019-10-16 Goes beyond memorization with a Socratic style content review to promote critical thinking This innovative review for nurses preparing for the Certified Neuroscience Registered Nurse CNRN exam mirrors the test format blueprint focusing on the specific subject matter on the exam It is carefully calibrated to provide an effective balance of clinical judgment enhancing content review in the form of unfolding questions answers rationales and hints to enhance the critical reasoning process Following the review chapters a practice exam of 220 randomized Q As can be taken to simulate the actual certification exam This Think in Questions content review is designed to help readers anticipate the kind of questions that will be asked and promote critical thinking throughout the exam Topical bite size sections and plentiful tables and charts facilitate easier learning and memorization An introductory chapter includes sections devoted to test taking skills and practices specific guidance for taking the CNRN exam and an exploration of the journey towards certification Key Features Familiarizes the world of certifications Explicates the CNRN exam Defines proven test taking skills and preparations Mirrors exam content blueprint A total of 450 exam style Q As

with rationales Springer Publishing Company recognizes that the Certified Neuroscience Registered Nurse CNRN exam is a registered service mark of the American Board of Neuroscience Nursing ABNN and has applied this service mark to the first mention of the exam in each of the chapters in this book and on its cover Guide to National Professional Certification Programs Phillip A. Barnhart,1994 **Fast Facts for Stroke Care Nursing** Kathy Morrison,2014-05-07 Provides a succinct yet comprehensive review of the evolution of stroke patient management The text starts with a brief overview of the anatomy and physiology tying it to the types of strokes the assessment and diagnostic tools Acute measures and prevention of secondary injury are outlined and lead us to review the potential complications and finally the rehabilitation and patient family education Particularly helpful is the inclusion of the Brain Attack Coalition The Joint Commission and Centers for Medicare Medicaid Services core measures The author has done an excellent job of keeping this book appropriate for everyday use From the Foreword Linda Littlejohns MSN RN FAAN CNRN The best aspects of the book are that it is easy to read and factual and it includes a wide range of information I enjoyed the book It is easy to read and navigate Nurses will find it extremely helpful and valuable in the clinical setting This is a good addition to a clinical library Score 98 5 Stars Doody's Medical Reviews This highly practical pocket sized reference for stroke care nurses provides quick bedside access to the most current guidelines for diagnostic tests state of the art treatments and best practice standards This resource distills lengthy and often complex national stroke care guidelines into clear bite size pieces of information It also explains the rationale behind stroke standards making them easier to embrace and incorporate into practice The book is organized consistently to foster rapid information retrieval Each chapter includes objectives and such helpful features as Fast Facts in a Nutshell targeted segments that provide critical information at a glance The guide also serves as an instructive resource for nurses not specializing in neurology but who are increasingly being called on to care for stroke patients The book is also a helpful resource for stroke program coordinators and as a review for SCRN and CNRN certification exams Key Features Reflects current standards of the American Heart Association the American Stroke Association and The Joint Commission Provides crucial information at a glance about diagnostic tests state of the art treatments and best practice standards Distills lengthy and complex national stroke care standards into clear concise information Includes a comprehensive review of diagnostic studies Serves as a concise review for SCRN and CNRN certification exams **Epilepsy Across the Spectrum** Institute of Medicine,Board on Health Sciences Policy,Committee on the Public Health Dimensions of the Epilepsies,2012-07-29 Although epilepsy is one of the nation's most common neurological disorders public understanding of it is limited Many people do not know the causes of epilepsy or what they should do if they see someone having a seizure Epilepsy is a complex spectrum of disorders that affects an estimated 2.2 million Americans in a variety of ways and is characterized by unpredictable seizures that differ in type cause and severity Yet living with epilepsy is about much more than just seizures the disorder is often defined in practical terms such as challenges in school uncertainties about social

situations and employment limitations on driving and questions about independent living The Institute of Medicine was asked to examine the public health dimensions of the epilepsies focusing on public health surveillance and data collection population and public health research health policy health care and human services and education for people with the disorder and their families health care providers and the public In *Epilepsy Across the Spectrum* the IOM makes recommendations ranging from the expansion of collaborative epilepsy surveillance efforts to the coordination of public awareness efforts to the engagement of people with epilepsy and their families in education dissemination and advocacy for improved care and services Taking action across multiple dimensions will improve the lives of people with epilepsy and their families The realistic feasible and action oriented recommendations in this report can help enable short and long term improvements for people with epilepsy For all epilepsy organizations and advocates local state and federal agencies researchers health care professionals people with epilepsy as well as the public *Epilepsy Across the Spectrum* is an essential resource
