*Mapping World Anglophone Studies* Pavan Kumar Malreddy, Frank Schulze-Engler, 2024-10-30 This book explores core issues in the emerging field of World Anglophone Studies It shows that traditional frameworks based on the colonial and imperial legacies of English need to be revised and extended to understand the complex adaptations iterations and incarnations of English in the contemporary world The chapters in this volume make three significant interventions in the field First they showcase the emergence of Anglophone literatures and cultures in parts of the world not traditionally considered Anglophone Cuba the Arab world the Balkan region Vietnam Algeria and Belize among others Second they feature new zones of contact and creolization between Anglophone literatures cultures and languages such as Swahili Santhali Ojibway and Hindi as well as Anglophone representations of colonial encounters and contemporary experiences in non Anglophone settings such as Cuba Angola and Algeria And finally the volume turns to Anglophone literary and cultural productions on new platforms such as social media and Netflix and highlights the role of English in emergent sites of

resistance involving women Indigenous populations queer and other non heteronormative sexualities as well as post conflict societies Mapping linguistic transgressions and the transmigration of cultural tropes between Englishes vernaculars and a wide variety of other languages with a rich set of case studies this volume will be essential reading for courses such as world literatures in English postcolonial studies anglophone studies literature and culture Indian Ocean worlds Global Englishes and Global South studies

**A History of the Literature of the U.S. South: Volume 1** Harilaos Stecopoulos,2021-05-05 A History of the Literature of the U S South provides scholars with a dynamic and heterogeneous examination of southern writing from John Smith to Natasha Trethewey Eschewing a master narrative limited to predictable authors and titles the anthology adopts a variegated approach that emphasizes the cultural and political tensions crucial to the making of this regional literature Certain chapters focus on major white writers e g Thomas Jefferson William Faulkner the Agrarians Cormac McCarthy but a substantial portion of the work foregrounds the achievements of African American writers like Frederick Douglass Zora Neale Hurston and Sarah Wright to address the multiracial and transnational dimensions of this literary formation Theoretically informed and historically aware the volume s contributors collectively demonstrate how southern literature constitutes an aesthetic cultural and political field that richly repays examination from a variety of critical perspectives

**Handbook of the American Novel of the Twentieth and Twenty-First Centuries** Timo Müller,2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification
