American Immigration Policy Essays:

Immigration Policy in the USA Markus Rachbauer, 2008-06-30 Essay from the year 2007 in the subject Politics Region USA grade 3 University of Salzburg Institut für Geschichte und Politikwissenschaft language English abstract My essay will be about the immigration policy of the United States of America The U S administration has tightened measures against illegal immigration to the USA since the 1980s Especially the immigration of unskilled workers should be avoided As we will see the U S administration struggles with lacking reform in immigration policy that's why a conflict between the federal and state level exists Especially since the terrorist attacks of 11th of September 2001 the immigration policy has dramatically been changed Now security issues have become the most important topic Already existing bilateral relations between the USA and countries of origin of immigrants have also been affected The first chapter of this essay will be about the changes in immigration policy since the 1980s I will try to describe the most important new anti immigrant laws Furthermore I will show the reasons for these legal changes In the second chapter I will write about general reasons for changes in immigration policy in the United States and the meaning of the incidents of September 2001 The third chapter will be about the interest groups which are important in immigration policy I will try to show how immigration policy is influenced and by whom My hypothesis for this essay is that U S immigration has changed at the latest since the beginning of the 1990s the level of education of the immigrants got more important because of economic reasons Since the terror attacks in 2001 immigration is restricted because of safety reasons

American Immigration Policy Steven G. Koven, Frank Götzke, 2010-08-09 Collaboration can be a painful process especially between authors of different disciplines This book is an outgrowth of discussions between a Political Scientist and Economists at the School of Urban and Public Affairs University of Louisville The Economics perspective is found in Chapter 3 and was largely written by Frank Götzke The Political Science oriented review Chapters 2 and 6 as well as all the case studies were largely provided by Steven Koven Most of the book but especially Chapters 4 5 and 7 evolved as a consequence of conversations between the two authors We believe the product of two disciplinary approaches has produced a collective outcome that is greater than the sum of individual parts would have been In this book we have attempted to combine the analytical empirical historical political and economics approaches Chapter 3 presents an analytical model based on economics Chapters 4 and 5 summarize empirical census data related to immigrants and Chapter 6 reviews the legislative and political history of immigration
