Fate, Fortune, and Mysticism in the Peruvian Amazon Marlene Dobkin de Rios, 2011-01-27 A medical anthropologist's account of fortune telling and management of one's own destiny in Peru Explains the fortune telling naipes cards and how Amazonian shamans use them to diagnose clients' ills Looks at the Sacred Mystical Order of Septrionism and its techniques for managing destiny While studying Amazonian shamans who use ayahuasca and Peruvian coastal healers who use mescaline cactus to treat psychological illness Marlene Dobkin de Rios learned about the naipes cards fortune telling cards similar to the tarot used as part of the healers' method of diagnosis Immersing herself in their culture she began telling fortunes with the naipes cards and was surprised by the intimacy it induced in the native people she was trying to study as well as the profoundly accurate results she encountered Finding herself pulled further and

further into Peruvian culture in 1977 Dobkin de Rios was initiated into the sacred mystical order of Septrionismo which emphasizes specific techniques such as meditation ritual and reflection to manage one's future rather than depending solely on fate and fortune Explaining how to use the naipes cards as well as examining the practices of the Septrionic Order Dobkin de Rios explores her experiences with both traditions through the lens of her anthropological and psychological training describing how these diverse encounters opened her mind to the powers of divination as well as taught her the means of directing her own destiny

The Warehouse Alessandro Delfanti, 2021-10-20 Work hard have fun make history proclaims the slogan on the walls of Amazon s warehouses This cheerful message hides a reality of digital surveillance aggressive anti union tactics and disciplinary layoffs Reminiscent of the tumult of early industrial capitalism the hundreds of thousands of workers who help Amazon fulfil consumers desire are part of an experiment in changing the way we all work In this book Alessandro Delfanti takes readers inside Amazon s warehouses to show how technological advancements and managerial techniques subdue the workers rather than empower them as seen in the sensors that track workers every movement around the floor and algorithmic systems that re route orders to circumvent worker sabotage He looks at new technologies including robotic arms trained by humans and augmented reality goggles showing that their aim is to standardise measure and discipline human work rather than replace it Despite its innovation Amazon will always need living labour s flexibility and low cost And as the warehouse is increasingly automated worker discontent increases Striking under the banner we are not robots employees have shown that they are acutely aware of such contradictions The only question remains how long will it be until Amazon s empire collapses

The Amazon Pattern Theresa C. Dintino, 2015-06-06 What does it mean to bring indigenous wisdom to the postmodern world

How do divination and ritual fit into modern society How does one integrate ancient spiritual teachings into a western mindset while remaining true to the original meaning Notes from a Diviner in the Postmodern World A Handbook for Spirit Workers is a guidebook for both diviners and spirit workers of any tradition In this book Dintino describes what she calls the landscape of the otherworld revealed to her through spirits ancestors archangels elemental and light beings in her divinations Whatever your spiritual tradition there s always a shared landscape of the otherworld Understanding the landscape will help you navigate your own spiritual terrain Learning how to be an effective diviner and spirit worker also means that you must interact fully with the wisdom of the place where you live which includes learning from all living things including mountains and water This powerful handbook teaches you how to heal your world by exploring inter dimensional realms and ultimately becoming a spiritual steward of the Earth When I became a diviner I did not expect to encounter a landscape in the otherworld that I would become familiar with and navigate more easily as I continued to divine I am still exploring this landscape but wanted to share some of the things I have learned in order to help those interested in the dimensional realms understand better what they are seeing What I have included in this book is not meant to be rigid it is a conversation and a guide
