An Undesirable Element An Afghan Memoir:

An Undesirable Element Sharif Fayez, 2014 Afghanistan Barnett R. Rubin, 2020 Afghanistan a landlocked country in Central Asia has improbably been at the center of international geopolitics for four decades After the Soviet Union invaded in 1980 Afghanistan descended into an unending conflict that featured at various points most of the world's major powers In the mid 1990s the country entered a new phase when the Taliban took power and imposed order based on a harsh repressive version of Islamic law Infamously the sheltered Osama bin Laden whose attack on 9 11 Towers ushered in the Global War on Terror drew tens of thousands of American troops to the country where they remain today In Afghanistan What Everyone Needs to Know R leading scholar Barnett R Rubin provides an overview of this complicated nation After providing a concise history of Afghanistan he explores the various peoples and cultures of the country and its relations with neighbors like Pakistan and Iran He also provides an authoritative overview of the conflicts that have plagued the country since the Soviet invasion Both wide ranging and pithy this book explains why Afghanistan matters and what its possible future might look like

The Emergence of the American University Abroad Kyle A. Long, 2020-02-17 Winner of the 2022 HESIG Best Book Award The American public is losing trust in its higher education institutions Americans are increasingly divided about the purposes of a college education with opinions split along partisan lines The country's higher education leaders have responded with a litany of conferences op eds and commissions aimed at regaining the public trust While these efforts are necessary and important they are more likely to be successful if supplemented with a view from abroad The independent American university abroad is the oldest and most successful expression of U S higher education outside the United States First established by Protestant missionaries in the Ottoman Empire during the U S Civil War American universities abroad have since spread across the globe Many enjoy widespread popularity in their communities and bipartisan support in the U S The Emergence of the American University Abroad explores the development of this model as a distinctive institutional form in the U S higher education landscape It traces the long history of support by American private citizens the U S government and stateside colleges and universities for these overseas institutions and shows how leaders of American universities abroad have periodically come together to make sense of their changing environments and strategically align their messaging with potential supporters The author demonstrates that what is most valuable about American higher education emerges clearly when it is practiced outside the United States While discourse about higher education in the United States and around the world has shifted unequivocally toward its conceptualization as a private good leaders of and advocates for American universities abroad have been remarkably consistent in promoting their public benefits As such study of these institutions represents a unique opportunity to reflect on underappreciated yet essential features of American higher education

Афганистан. Что о нем нужно знать каждому Барнетт Рубин, 2022-11-02 1989 PDF A4 **Identity and Intercultural Exchange in Travel and Tourism** Anthony David Barker, 2015 This book looks at the relationship between

questions of identity formation and modern practices in travelling and tourism New and creative patterns of behaviour and self realisation are now emerging due to the enormous commercial interests that lie behind the modern travel and tourism industries The volume will consider these issues and the challenges they create **Known and Unknown** Donald Rumsfeld,2011-02-08 A powerful memoir from the late former U S Secretary of Defense Donald Rumsfeld With the same directness that defined his career in public service Rumsfeld s memoir is filled with previously undisclosed details and insights about the Bush administration 9 11 and the wars in Afghanistan and Iraq It also features Rumsfeld s unique and often surprising observations on eight decades of history Rumsfeld addresses the challenges and controversies of his illustrious career from the unseating of the entrenched House Republican leader in 1965 to helping the Ford administration steer the country away from Watergate and Vietnam to the war in Iraq to confronting abuse at Abu Ghraib Along the way he offers his plainspoken first hand views and often humorous and surprising anecdotes about some of the world s best known figures ranging from Elvis Presley to George W Bush Both a fascinating narrative and an unprecedented glimpse into history Known and Unknown captures the legacy of one of the most influential men in public service **The Publisher** ,1901
The Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1901 Boer War Letters Emily Hobhouse,1984 *The Times Index* ,2006 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement *The Other Side of the Sky* Farah Ahmedi,Tamim Ansary,2006-07 Rev ed of Story of my life Farah Ahmedi c2005 *Lost Decency* Atta Arghandiwal,2012 *Bumbling Through the Hindu Kush: A Memoir of Fear and Kindness in Afghanistan* Chris Woolf,2021-10-04 What happens when a regular person accidentally finds themselves lost in the middle of a war In 1991 Chris Woolf travelled to Afghanistan to visit a BBC colleague They hitched a ride with an aid convoy and bumbled straight into the war
