### Function Family Application

#### Identifying Function Families in

Example: It's only Tuesday and we've already made four trips to the gym. The gym membership is supposed to cost \$100, which is right. The club that charges \$10 a month is \$100 a month. If you're looking for a gym membership, which is the number of months you've been a member?

1. Name the function family. What aspects of the membership situation indicate that it belongs to that family?
2. Make a table to represent the situation.
3. Use technology to graph the function.
  - What is the slope?
  - What is the y-intercept?
  - What is the x-intercept?
4. Name the independent variable in this situation.
5. Name the dependent variable in this situation.
6. Does this situation have a constant? If so, explain its meaning within the context of the situation.
7. Does the situation have a variable? If so, explain its meaning within the context of the situation.
