It is a one-stop reference guide to education and educational issues concerns here. There are three sections. Part 1 provides a sectorial overview of how education has been organized in this country such as preschool, special needs, primary and secondary and adult education divisions. In Part 2 contributors critically delve into issues and policies that are pertinent to understanding education here such as underachievement, leadership, language education, assessment and meritocracy to question what Part 1 might have taken for granted. Part 3 contains the largest number of contributors because it offers a scholarly examination into specific subject histories. This section stands out because of the comparative rarity of its subject matter: history of Physical Education, Art, Music, Geography, Education etc in Singapore. *A Micro-Level Perspective on the Dynamics of Conflict, Violence, and Development* Patricia Justino, Tilman Brück, Philip Verwimp, 2013-11 Analyses violent conflict and its impact on local institutional and development processes.
