Charger 4 door and then the beloved retro design Challenger Both of these iconic models were put to rest in 2023 but not before unleashing the wild 807 horsepower Dodge Charger SRT Hellcat Redeye and the outrageous 1 025 horsepower Dodge Challenger SRT Demon Power to the people indeed *The Complete Book of Dodge and Plymouth Muscle Cars* is a must have reference for all Mopar muscle fans *The Rise, Fall, and Influence of the Tea Party Insurgency* Patrick Rafail, John D. McCarthy, 2023-12-21 Emerging in 2009 the Tea Party movement had an immediate and profound impact on American politics and society This book draws on a decade s worth of original extensive data collection to understand why the Tea Party emerged where it was active and why it disappeared so quickly Patrick Rafail and John McCarthy link the Tea Party s rise to prominence following the economic collapse that came to be known as the Great Recession Paying special attention to the importance of space and time in shaping the Tea Party s activities Rafail and McCarthy identify and explain the movement s disappearance from the political stage Even though grassroots Tea Party activism largely ceased by 2014 they demonstrate the movement s effect on the Republican Party and American democracy that continues today *Challengers to Duopoly* J. David Gillespie, 2012-12-07 Building on the foundational importance of its predecessor *Politics at the Periphery* 1993 *Challengers to Duopoly* offers an up to date overview of the important history of America s third parties and the challenge they represent to the hegemony of the major parties J David Gillespie introduces readers to minor partisan actors of three types short lived national parties continuing doctrinal and issue parties and the state and local significant others Woven into these accounts are profiles of some of the individuals who have taken the initiative to found and lead these parties Ross Perot Ralph Nader Jesse Ventura and other recent and contemporary electoral insurgents are featured along with the most significant current national and state parties challenging the primacy of the two major parties Gillespie maintains that despite the infirmities they often bear third parties do matter and they have mattered throughout American public life Many of our nation s most important policies and institutional innovations including abolition women s suffrage government transparency child labor laws and national healthcare were third party ideas before either major party embraced them Additionally third parties were the first to break every single de facto gender race and sexual orientation bar on nomination for the highest offices in the land As Gillespie illustrates in this engaging narrative with the deck so stacked against them it s impressive that third party candidates ever win at all That they sometimes do is a testament to the power of democratic ideals and the growing disdain of the voting public with politics as usual *Without Fear or Favor* G. Alan Tarr, 2012-09-19 The impartial administration of justice and the accountability of government officials are two of the most strongly held American values Yet these values are often in direct conflict with one another At the national level the U S Constitution resolves this tension in favor of judicial independence insulating judges from the undue influence of other political institutions interest groups and the general public But at the state level debate has continued as to the proper balance between judicial independence and judicial accountability In this volume constitutional scholar G Alan Tarr focuses

squarely on that debate In part the analysis is historical how have the reigning conceptions of judicial independence and accountability emerged and when and how did conflict over them develop In part the analysis is theoretical what is the proper understanding of judicial independence and accountability Tarr concludes the book by identifying the challenges to state level judicial independence and accountability that have emerged in recent decades assessing the solutions offered by the competing sides and offering proposals for how to strike the appropriate balance between independence and accountability
