

Chapter 4 SAQ

Question 1. Answer (a), (b), and (c).

- A. Briefly explain the British view of how the Seven Years' War fundamentally changed the relationship between Britain and its American colonies.
- B. Briefly explain the colonial view as a result of the war.
- C. Briefly describe the initial reaction taken as a result of the changing views by either the British or colonists.

1a). The Seven Years' War changed the relationship between Britain and its American colonies because of Britain's negative views about the Colonies. They thought that the colonists' militia was poorly trained and disorderly. They also thought the colonists were useless because they were unwilling to help the troops. The war left Britain in debt, and this debt caused Britain to tax colonies. These taxes angered the colonies, and rebellion started against Britain.

1b). The colonists believed they did well during the Seven Years War. They were proud of their performance and gained confidence in their abilities to provide their own defense. On the other hand they were not impressed with the British army. Overall the colonists were proud of themselves because of their accomplishments in the Seven Years' War.

1c.) As a result of the changing views the British passed the Proclamation of 1763. The British issued the Proclamation of 1763 in order to prevent the expense of future conflicts between colonists and Native Americans. This Proclamation prohibited settlement beyond the West of the Appalachians Mountains. This angered the colonists who believed they were entitled to the lands from the Atlantic Ocean to the Pacific Ocean.
