The glory from his gray hairs gone
for evermore!

* Deadlock and Danger on Capitol Hill

The stormy congressional debate of 1850 was not finished, for the Young Guard from the North were yet to have their say. This was the group of newer leaders who, unlike the aging Old Guard, had not grown up

* Finding the Congressional Logjam

At the height of the controversy in 1850, President Taylor unknowingly helped the cause of concession by dying suddenly, probably of an acute intestinal disorder. Portly, round-faced Vice President Millard Fillmore, a colorless and conciliatory New York lawyer-politician, took over the reins. As presiding officer of the Senate, he had been impressed with the arguments for conciliation, and he gladly signed the series of compromise measures that passed Congress after seven long months of stormy debate. The balancing of interests in the **Compromise of 1850** was delicate in the extreme (see Table 18.1).

TABLE 18.1 Compromise of 1850

Concessions to the North

California admitted as a free state

Territory disputed by Texas and New Mexico to be awarded to New Mexico

Abolition of the slave trade (but not slavery) in the District of Columbia

Concessions to the South

The remainder of the Mexican Cession area to be formed into the territories of New Mexico and Utah, without restriction on slavery, hence open to popular sovereignty

Texas to receive \$10 million from the federal government as compensation

A more stringent fugitive-slave law going beyond that of 1793

Hindsight Arden Wedzler, 2021-02-25

By the year 2110, the world's population driven to self-destruction thanks to wealthy elitists, corrupt politicians and bankers, and greedy self-serving progressives. Systemic greed and corruption within the halls of various governments and banks set in motion the engine of humanity's downfall. These organisations have incited wars and conflicts between tribes, religions, and countries, causing horrendous deaths, pain, and suffering for billions of innocent people. Humankind is facing destruction. To combat this, six time travellers from the year 2612 emerge out of stasis with the goal of preventing a nuclear disaster set to occur in 2111. With the advantage of hindsight, they visit six key historical events. They hope to persuade people of influence to make subtle changes to their thinking and actions. If all six events can be nudged in a slightly different direction, the impending man-made destruction might be averted. Only time will tell whether the time travellers can overcome their two biggest enemies: ego and self-importance, to prevent stupid mistakes from building a critical mass of human horror and causing humankind's extinction. In this science-fiction novel, six people from the future arrive in the year 2111 seeking to prevent the destruction of humanity through intervention in key historical events.
