

Chapter 7 Notes

Federalists celebrated "natural aristocrats" such as Washington and condemned the radical republicanism of the French Revolution.

Many people of high status worried that the new state governments were too attentive to the demands of such ordinary workers and their families.

The Political Crisis of the 1790s

Federalist:

Alexander Hamilton - strong national government and economy

- Wanted strong national institutions
- advocated a loose interpretation of the constitution. George sided with him

Anti-Federalists:

Thomas Jefferson - agriculture nation

- advocated a strict interpretation of the constitution

The Constitution: Allowed men to vote for national, state, and local leaders

President - Washington

Vice - John Adams

Secretary - Hamilton

Department of State - Jefferson

Judiciary Act of 1789 - established a federal district court in each state and three circuit courts to hear appeals from the districts, with the Supreme Court having the final say. Courts that involved federal laws could be appealed to the Supreme Court.

Bill of Rights - James Madison, a Representative, submitted 19 amendments. By 1791, 10 had been approved by Congress and ratified by the states.

Hamilton's Financial Program:

- He called for an authoritarian govt
- Debt was very high right now
- He wanted support from the wealthy
- He wanted to protect and stimulate American businesses through tariffs

"As an underdeveloped nation, the United States needed good credit to secure loans from Dutch and British financiers."

- Excise tax on manufactured goods.
- Tax on whiskey → whiskey rebellion (was quickly crushed demonstrating the strength of the new federal govt)
- Bank of the US: would be a private bank with the government owning stock. Led to conflict between Hamilton and Jefferson.
- Wanted to pay off debt at face value PLUS interest (rich people bought up bonds when they were cheap and so then made tons of \$\$\$)
- Wanted the national government to take on state debts incurred under the revolutionary war
- Wanted the country to always have debt. The more people the US owed \$ to, the more people would want to see the US succeed
- Tariffs. Designed to raise revenue for the government and protect American industries

As a City on a Hill Daniel T. Rodgers,2018-11-13 How an obscure Puritan sermon came to be seen as a founding document of American identity and exceptionalism For we must consider that we shall be as a city upon a hill John Winthrop warned his fellow Puritans at New England s founding in 1630 More than three centuries later Ronald Reagan remade that passage into a timeless celebration of American promise How were Winthrop s long forgotten words reinvented as a central statement of American identity and exceptionalism In *As a City on a Hill* leading American intellectual historian Daniel Rodgers tells the surprising story of one of the most celebrated documents in the canon of the American idea In doing so he brings to life the ideas Winthrop s text carried in its own time and the sharply different yearnings that have been attributed to it since *As a City on a Hill* shows how much more malleable more saturated with vulnerability and less distinctly American Winthrop s Model of Christian Charity was than the document that twentieth century Americans invented Across almost four centuries Rodgers traces striking shifts in the meaning of Winthrop s words from Winthrop s own anxious reckoning with the scrutiny of the world through Abraham Lincoln s haunting reference to this almost chosen people to the city on a hill that African Americans hoped to construct in Liberia to the era of Donald Trump *As a City on a Hill* reveals the circuitous unexpected ways Winthrop s words came to lodge in American consciousness At the same time the book offers a probing reflection on how nationalism encourages the invention of timeless texts to straighten out the crooked realities of the past
