Directions: Each of the questions or incomplete statements below is followed by four suggested answers or completions. Select the one that is best in each case and then blacken the corresponding space on the answer sheet.

Questions 1–3 refer to the excerpt below.

"From the large body of poor drifters, many of them diseased, feckless, or given to crime, came a great part of the labor supply of the rich sugar islands and the American mainland. From the London of Pepys and then of Hogarth, as well as from many lesser ports and inland towns, the English poor, lured, seduced, or forced into the emigrant stream, kept coming to America for the better part of two centuries. It is safe to guess that few of them, and indeed few persons from the other sources of emigration, knew very much about what they were doing when they committed themselves to life in America."

Richard Hofstadter, historian, *America at 1750: A Social Portrait*, 1971
