GCSE Literature Boost: A Christmas Carol Haili Hughes, 2024-07-05 GCSE Literature Boost A Christmas Carol uses academic criticism and theory to relight your literary passion for this classic text and put a newfound excitement in your pedagogy Beginning with a whistlestop tour of literary theory and criticism from 400BC to the late 20th century Hughes explains how you can introduce your GCSE English students to themes most often reserved for undergraduate courses improving their understanding of the text and broadening their knowledge of the subject as a whole Written in easily digestible chunks each chapter considers a main theme or section of Charles Dickens A Christmas Carol through different critical lenses summarising the relevant academic theories and shows how you can transfer this knowledge to the classroom through practical teaching ideas Features include Case studies showing how English teachers have used academic theory in practical ways Ideas for teaching linked to GCSE assessment objectives at the end of each chapter Six key points at the end of each chapter that highlight the key takeaways from that chapter Real examples of student work which can be used as models and exemplars This is essential reading for all secondary English teachers looking to create a climate of high expectations and improve their students knowledge and understanding of the big ideas in literature *2012 GCSE English results* Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007 09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do
