Advanced Language Learning Heidi Byrnes, 2009-02-08 Examines the need for advanced levels of language learning from socio cultural and linguistic perspectives

Advanced Language Learning Heidi Byrnes, 2008-12-08 The editor and authors in this volume make a convincing case for focusing on advanced foreign language instruction Importantly they invite consideration of this focus as an opportunity to re examine conventional definitions of the target of instruction In so doing readers also learn more about the theories highlighted in this volume and their capacity to enhance our understanding of advancedness and its development within an educational context This book thus mediates between linguistic and language learning theories and educational practice modelling the very best of what applied linguistics has to offer Diane Larsen Freeman Professor of Education University of Michigan The reality of multicultural societies and globalization has increased the demand for language abilities that far exceed those that have typically been associated with communicative competence in a second language This book examines the acquisition of advanced levels of ability in three parts theoretical descriptive and instructional It moves beyond the traditional constraints of second language acquisition research by linking systemic functional linguistics and sociocultural theory The contributors draw primarily on the work of Halliday Vygotsky and Bakhtin as well as empirical data from the language classroom to suggest practical applications towards advanced literacy and linguistic competence *Advanced Language Learning* will be of interest to academics researching systemic functional linguistics second language acquisition and applied linguistics

Foreign Language Anxiety and the Advanced Language Learner Zsuzsa Tóth, 2010-08-11 Does anxiety about learning and using a foreign language decline as learners become more competent in the target language or is anxiety also relevant at higher levels of proficiency This is the question *Foreign Language Anxiety and the Advanced Language Learner* sets out to explore The aim of the book is to give readers an insight into what role anxiety plays in the language learning and communication processes of advanced language learners Specifically the study examines how advanced EFL learners foreign language anxiety FLA can be characterized how anxiety relates to other individual differences cognitive affective personality and explores the relationship between FLA and various aspects of learners performance and communication experience in the target language The research context is Hungary The findings however are not confined to the Hungarian EFL setting In addition to making a contribution to the clarification of some unresolved issues in language anxiety research including the role of proficiency in the development of anxiety the relationship between anxiety and other learner variables and the much debated question of whether or not anxiety accounts for differential success in L2 learning this study has important implications for language teachers as well

Effective Language Learning Suzanne Graham, 1997 This book investigates some of the learning processes of students of French and German as they begin language learning at an advanced level a stage which is frequently problematic By looking at the learning strategies employed by both successful and less successful language students the author elucidates some of the key

cognitive and affective processes which facilitate advanced level language learning The implications of this for the classroom are discussed in detail leading to practical recommendations for learning and teaching strategies A central theme is the need to teach explicitly the proficient use of learning strategies and suggestions are made as to how this may be achieved in the language classroom
