Digital Music Learning Resources Marcella Mandanici, Simone Spagnol, Luca Andrea Ludovico, Adriano Baratè, Federico

Avanzini, 2023-07-26 This book offers an overview of the complex world of digital materials for music education and of their possible use in the everyday practice of music teachers It presents a multidimensional taxonomy of digital materials for music education Through the taxonomy it is possible to derive a clear framework of the whole field and to perform analysis of the state of art The book shows the use of this flexible and powerful knowledge tool for reviewing the digital materials in the various domains and dimensions The book provides researchers and designers with an overview of what has already been designed proposed and tested in the field It also offers music teachers a wider perspective of the possibilities connected to current technologies in the field of music education and it suggests possible interrelationships between research and music education practices

The New Handbook of Research on Music Teaching and Learning Richard Colwell, Carol Richardson, 2002-04-18 Featuring chapters by the world s foremost scholars in music education and cognition this handbook is a convenient collection of current research on music teaching and learning This comprehensive work includes sections on arts advocacy music and medicine teacher education and studio instruction among other subjects making it an essential reference for music education programs The original Handbook of Research on Music Teaching and Learning published in 1992 with the sponsorship of the Music Educators National Conference MENC was hailed as a welcome addition to the literature on music education because it serves to provide definition and unity to a broad and complex field Choice This new companion volume again with the sponsorship of MENC explores the significant changes in music and arts education that

have taken place in the last decade. Notably several chapters now incorporate insights from other fields to shed light on multicultural music education, gender issues in music education and non-musical outcomes of music education. Other chapters offer practical information on maintaining musicians' health, training music teachers and evaluating music education programs. Philosophical issues such as musical cognition, the philosophy of research, theory, curriculum and educating musically are also explored in relationship to policy issues. In addition to surveying the literature, each chapter considers the significance of the research and provides suggestions for future study. Covering a broad range of topics and addressing the issues of music education at all age levels from early childhood to motivation and self-regulation, this handbook is an invaluable resource for music teachers, researchers and scholars.

Praxial Music Education David J. Elliot, 2009-01-06
Praxial Music Education is a collection of essays by nineteen internationally recognized scholars in music education. Each essay offers critical reflections on a key topic in contemporary music education. The starting point of each essay and the unifying thread of this collection is the praxial philosophy of music education explained in Elliott's *Music Matters: A New Philosophy of Music Education* (OUP, 1995). This philosophy argues for a socially and artistically grounded concept of music and music education, challenging the field's traditional absolutist foundations. Praxial Music Education is both a critical companion to *Music Matters* and an independent text on contemporary issues in music education. Among the themes discussed are multicultural music education, the nature of musical understanding, early childhood music education, the nature and teaching of music listening, music curriculum development and musical creativity. Praxial music education is a living theory. This unique collection will not only enrich discussions that already use *Music Matters* as their core but will globalize current discussions and applications of the praxial philosophy and emphasize the positive and practical values of collaborative efforts in music education.

Music Learning and Teaching in Infancy, Childhood, and Adolescence
Gary McPherson, Graham F. Welch, 2018
Music Learning and Teaching in Infancy, Childhood and Adolescence explores a comprehensive array of key issues, concepts and debates related to music learning and teaching in three phases of a child's development. It provides a broad framework for understanding the distinct needs and perspectives of infants, children and adolescents as they relate to music.

Music Education Clint Randles, 2014-09-19
Education involving music is a multifaceted and ever-altering challenge. As new media technologies and pedagogies are developed, academics and practitioners must make sure that they are aware of current trends and where they might lead. This book features studies on the future of music education from emerging scholars in the field. These studies are then supplemented by commentaries from established leaders of the music education community. Music Education covers topics such as music and leisure, new forms of media in music teaching and learning, the role of technology in music learning, popular music tuition, the expansion of curricular offering and assessment of music education research. As such, it is an excellent reference for scholars and teachers as well as a guide to the future of the discipline.

Popular Music, Cultural Politics and Music Education in China Wai-Chung Ho,2016-12-08 While attention has been paid to various aspects of music education in China to date no single publication has systematically addressed the complex interplay of sociopolitical transformations underlying the development of popular music and music education in the multilevel culture of China Before the implementation of the new curriculum reforms in China at the beginning of the twenty first century there was neither Chinese nor Western popular music in textbook materials Popular culture had long been prohibited in school music education by China s strong revolutionary orientation which feared spiritual pollution by Western cultures However since the early twenty first century education reform has attempted to help students deal with experiences in their daily lives and has officially included learning the canon of popular music in the music curriculum In relation to this topic this book analyses how social transformation and cultural politics have affected community relations and the transmission of popular music through school music education Ho presents music and music education as sociopolitical constructions of nationalism and globalization Moreover how popular music is received in national and global contexts and how it affects the construction of social and musical meanings in school music education as well as the reformation of music education in mainland China is discussed Based on the perspectives of school music teachers and students the findings of the empirical studies in this book address the power and potential use of popular music in school music education as a producer and reproducer of cultural politics in the music curriculum in the mainland

Contexts for Music Learning and Participation Andrea Creech,Maria Varvarigou,Susan Hallam,2020-07-27 This book sets out a

contemporary perspective on music education highlighting complex intersections between informal non formal and formal practices and contexts At a time when the boundaries between music learning and participation are increasingly blurred this volume is distinctive in challenging a siloed approach to understanding the diverse international music education landscape Instead the book proposes a multi layered continuum of practices that can be applied across a range of formal informal or non formal concepts to support the development of musical possible selves It challenges existing conceptions of learning in music education in part by drawing on research in adult learning but also by considering the contexts in which learning takes place and the extent to which this learning can be classified as formal informal or non formal
