Hewetson,2004 The inside story of a uniquely influential horror comic publisher from the 1970s **Quentin Tarantino and Film Theory** Federico Pagello,2020-10-20 This book examines a set of theoretical perspectives that critically engage with the notion of postmodernism investigating whether this concept is still useful to approach contemporary cinema This question is explored through a discussion of the films written and directed by Quentin Tarantino largely regarded as the epitome of postmodern cinema and considered here as theoretical contributions in their own right Each chapter first presents key ideas proposed by a specific theorist and then puts them in conversation with Tarantino s films Jacques Rancière s theory of art is used to reject postmodernism s claims about the death of the aesthetic image in contemporary cinema Fredric Jameson s and Slavoj Žižek s dialectical thinking is mobilized to challenge simplistic ideological readings of postmodern cinema in general and Tarantino s films in particular Finally the direct influence of Carol Clover s psychoanalytical approach to the horror genre on Tarantino s work is discussed to prove the director s specific contribution to a theoretical understanding of contemporary film aesthetics
