This changed family life because they were now having an increase number of children and working, even their working had helped in physical labor to actually working women. However, there were negatives in the sense that women had to work with machines and and thus, industrial became negative for the representation.
- 2) The men came over to America primarily due to the better families and generally because the Germans came for long periods. Despite both came in hopes of more economic opportunity. In addition, another primary was that both Ireland and Germany were suffering from overpopulation and had American jobs because they were willing to work for little pay. As for business, there is no that the rail and rail system was a great idea because it allowed manufacturing workers who benefited the economy and were also given a sense of independence.
