

Chapter 16 1854 - 1890

19th president (rep): Rutherford B. Hayes. VP - William A. Wheeler
Dem opponent: Samuel J. Tilden

An informal deal was struck to resolve the dispute: the Compromise of 1877, which awarded all 20 electoral votes to Hayes; in return for the Democrats conceding to Hayes' election, the Republicans agreed to withdraw federal troops from the South, ending Reconstruction.

The first transcontinental railroad meant jobs and money. - it would preserve the union

In coming decades, trade and tourism fueled tremendous growth west of the Mississippi

The railroad was also a political triumph. Victorious in the Civil War, Republicans saw themselves as heirs to the American System envisioned by antebellum Whigs. They believed government intervention in the economy was the key to nation building.

While conquering the West helped make the U.S into an industrial power, it also deepened America's rivalry with European empires and created new patterns of exploitation.

Failure to fund a transcontinental railroad had left different regions of the country disconnected. This, Republicans believed, had helped trigger the Civil War, and they were determined to set a new direction.

launching the transcontinental rail project and a new national banking system, Congress also raised the protective tariff on a range of manufactured goods. Tariffs provided the bulk of treasury revenue. Foreign manufacturers who brought merchandise into the United States had to pay import fees. These tariff revenues gave U.S. manufacturers, who did not pay the fees, a competitive advantage in America's vast domestic market.

Democrats argued that tariffs taxed American consumers by denying them access to low- cost imported goods and forcing them to pay subsidies to U.S. manufacturers. Corporations accumulated massive benefits from tariffs but failed to pass them along to workers, who often toiled long hours for low wages.

The economic depression that began in 1873 set limits on Republicans' economic ambitions, just as it hindered their Reconstruction plans in the South. But their policies continued to shape the economy. laissez faire, or unrestrained capitalism.

Americans, who wanted coal stations in Japan, argued that trade would extend what one missionary called "commerce, knowledge, and Christianity, with their multiplied blessings."

Asymmetric Politics Matthew Grossmann, David A. Hopkins, 2016 The Republican Party is the vehicle of an ideological movement whereas the Democratic Party is a coalition of social groups with concrete policy concerns Democrats prefer a more moderate party leadership that makes compromises whereas Republicans favor a more conservative party leadership that sticks to principles Each party finds popular support for its approach because the American public simultaneously favors liberal positions on specific policy issues and conservative views on the broader role of government **Common Core**
