A Lesson In Desire Season Of Desire Part:

Desire, Practical Reason, and the Good Sergio Tenenbaum, 2010 The Guise of the Good thesis the view that desire intention or action always aims at the good has received renewed attention in the last twenty years The book brings together work on various issues related to this thesis both from contemporary and historical perspectives Moral Psychology and Human Agency Justin D'Arms, Daniel Jacobson, 2014 This volume examines the implications of developments in the science of ethics for philosophical theorizing about moral psychology and human agency These ten new essays in empirically informed philosophy illuminate such topics as responsibility the self and the role in morality of mental states such as desire emotion and moral judgement **The Theosophist**, 1889 The Yogasūtras of Patañjali on Concentration of Mind Fernando Tola, Carmen Dragonetti, 1987 Commentary with text of the Sam adhi p ada the first part of the Yogas utra of Pata njali Knowledge and Rationality Juan Comesaña, Matthew McGrath, 2025-04-22 This book features original essays on knowledge and rationality as related to the work of Stewart Cohen This is the first volume dedicated to Cohen one of the most influential epistemologists of the last several decades Stewart Cohen is responsible for introducing the New Evil Demon problem the problem of easy knowledge and epistemic contextualism Any one of these contributions is sufficient by itself to establish a lasting philosophical legacy The chapters in this book reflect Cohen s legacy and address a variety of important topics related to his work including the New Evil Demon problem epistemic justification epistemic contextualism pragmatic and moral encroachment epistemic obligations skepticism and the problem of easy knowledge The book also includes a complete bibliography of Cohen s works Knowledge and Rationality is an essential resource for scholars and advanced students in epistemology with an interest in engaging with Stewart Cohen s philosophy *Action, Freedom and Responsibility* Subasini Barik, 2022-10-19 This book a work on human doing analyses and applies three central aspects of human life Action Freedom and Responsibility in the wide spectrum of the Philosophy of Mind Reflections on these issues and their interconnections have a significant effect on the Philosophy of Value and application of ethical theories in practical life This book even reconstructs the conceptual connection between action and freedom on the one hand and that between freedom and responsibility on the other It also puts the concepts of freedom and determinism to critical test and reinterprets them from different angles and perspectives The conventional doctrine of karma based on the teachings of the Bhagavadg t is relieved from its usual deterministic presentation and a logically reasonable explanation is offered Human actions and human agency are central concepts in the philosophy of mind and action Free will and responsibility constitute the bedrock of the moral life of the human agents and the book pinpoints that freedom is meant to undertake the goal oriented actions It is therefore focused on the enquiry into the various aspects of philosophy of mind as well as the philosophy of value Aristotle's De Motu Animalium Christof Rapp, Oliver Primavesi, Benjamin Morison, 2020 The volumes of the Symposium Aristotelicum have become essential reference works for the study of Aristotle In this twentieth volume ten renowned

scholars of ancient philosophy offer a running commentary on Aristotle's *De motu animalium*. It is in this text one of his most intriguing works that Aristotle sets out the general principles of animal locomotion. A philological and a philosophical introduction sketch the current state of research on this treatise situating current thought in the context of three decades of scholarly debates. The nine contributed essays together comment on each chapter of the Aristotelian text discussing in detail the philosophical issues that are raised across the different sections of the text. Comprehensive analyses of Aristotle's doctrines and arguments as well as critical discussion of rival interpretations make this volume a valuable resource for scholars of Aristotle. The present volume also includes a newly reconstructed Greek text with a facing English translation by Benjamin Morison.

The Task of Cultural Critique Teresa L. Ebert, 2009-08-13 A bold and compelling remapping of contemporary cultural critique.

Introduction to the Wisdom of Kabbalah Oren Levi, 2022-08-01 Introduction to the Wisdom of Kabbalah is an introductory course in Kabbalah's fundamentals. The book introduces Kabbalah beginners to every area of the wisdom including what it is, Kabbalistic language, perception of reality, freedom of choice, the structure of the spiritual worlds, the soul of Adam HaRishon, the ten Sefirot, the influence of the environment, and more. Considering the special nature of the study of the wisdom of Kabbalah, the purpose of *Introduction to Kabbalah* is not only to provide the required knowledge of Kabbalah's fundamentals in order to correctly embark on its study but also tools for implementing the Kabbalistic method in practice.

Judith Butler's Precarious Politics Terrell Carver, Samuel A. Chambers, 2008-01-25 Judith Butler has been arguably the most important gender theorist of the past twenty years. This edited volume draws leading international political theorists into dialogue with her political theory. Each chapter is written by an acclaimed political theorist and concentrates on a particular aspect of Butler's work. The book is divided into five sections which reflect the interdisciplinary nature of Butler's work and activism. *Butler and Philosophy* explores Butler's unique relationship to the discipline of philosophy considering her work in light of its philosophical contributions. *Butler and Subjectivity* covers the vexed question of subjectivity with which Butler has engaged throughout her published history. *Butler and Gender* considers the most problematic area gender taken by many to be primary to Butler's work. *Butler and Democracy* engages with Butler's significant contribution to the literature of radical democracy and to the central political issues faced by our post-cold war world. *Butler and Action* focuses directly on the question of political agency and political action in Butler's work. Along with its companion volume *Judith Butler and Political Theory* it marks an intellectual event for political theory with major implications for feminism, women's studies, gender studies, cultural studies, lesbian and gay studies, queer theory, and anyone with a critical interest in contemporary American great power politics.
