Copyright Office, 1974 *Philosophy as a Humanistic Discipline* Bernard Williams, 2006 This is a collection of essays in metaphysics ethics and related branches of philosophy by Bernard Williams one of the greatest philosophers of the 20th century Most essays were previously unpublished or relatively inaccessible All of them are written with his distinctive rigour imagination and depth **Evangelical Magazine and Gospel Advocate**, 1839 **Current Catalog** National Library of Medicine (U.S.), 1992 First multi year cumulation covers six years 1965 70 *Inner Lives* Paula Johnson, 2004-03-01 An intimate collection of African American women s voices on their lives in prison The rate of women entering prison has increased nearly 400 percent since 1980 with African American women constituting the largest percentage of this population However despite their extremely disproportional representation in correctional institutions little attention has been paid to their experiences within the criminal justice system *Inner Lives* provides readers the rare opportunity to intimately connect with African American women prisoners By presenting the women s stories in their own voices Paula C Johnson captures the reality of those who are in the system and those who are working to help them Johnson offers a nuanced and compelling portrait of this fastest growing prison population by blending legal history ethnography sociology and criminology These striking and vivid narratives are accompanied by equally compelling arguments by Johnson on how to reform our nation s laws and social policies in order to eradicate existing inequalities Her thorough and insightful analysis of the historical and legal background of contemporary criminal law doctrine sentencing theories and correctional policies sets the stage for understanding the current system *Alliance News*, 1898 *The Corporation* Joel Bakan, 2019-09-03 The inspiration for the film that won the 2004 Sundance Film Festival Audience Award for Best Documentary *The Corporation* contends that the corporation is created by law to function much like a psychopathic personality whose destructive behavior if unchecked leads to scandal and ruin Over the last 150 years the corporation has risen from relative obscurity to become the world s dominant economic institution Eminent Canadian law professor and legal theorist Joel Bakan contends that today s corporation is a pathological institution a dangerous possessor of the great power it wields over people and societies In this revolutionary assessment of the history character and globalization of the modern business corporation Bakan backs his premise with the following observations The corporation s legally defined mandate is to pursue relentlessly and without exception its own economic self interest regardless of the harmful consequences it might cause to others The corporation s unbridled self interest victimizes individuals society and when it goes awry even shareholders and can cause corporations to self destruct as recent Wall Street scandals reveal Governments have freed the corporation despite its flawed character from legal constraints through deregulation and granted it ever greater authority over society through privatization But Bakan believes change is possible and he outlines a

far reaching program of achievable reforms through legal regulation and democratic control Featuring in depth interviews with such wide ranging figures as Nobel Prize winner Milton Friedman business guru Peter Drucker and cultural critic Noam Chomsky The Corporation is an extraordinary work that will educate and enlighten students CEOs whistle blowers power brokers pawns pundits and politicians alike **From Wolf to Supermutt and Everything In Between** Erika K Gósi,2022-05-17 Like many dog owners I aspired to own a bomb proof dog but didn t know why dogs behave as they do or how to resolve behaviour issues For instance why do they disobey jump up bark dig chew inappropriate things steal the roast joint and rearrange the household rubbish or become fearful and aggressive
