The Problem with Parenting Nancy A. McDermott,2020-08-24 The Problem with Parenting serves as an essential guide to the recent origins and current excesses of American parenting for students parents and policy makers interested in the changing role of the family in childrearing Family scholarship focuses predominately on the evolution of family structure and function with only passing references to parenting Researchers who study parenting however invariably regard it as a sociological phenomenon with complex motivations rooted in such factors as class economic instability and new technologies This book examines the relationship between changes to the family and the emergence of parenting defined here as a specific mode of childrearing It shows how beginning in the 1970s the family was transformed from a social unit that functioned as the primary institution for raising children into a vehicle for the nurturing and fulfillment of the self The book pays special attention to socialization and describes how the change in our understanding of parenthood from a state of being into the distinct activity of parenting is indicative of a disruption of our ability to transfer key cultural values and norms from one generation to the next

Keeping up with the Times Mari Riojas-Cortez,2021-06-15 How do we begin to understand diversity in early childhood in order to combat biases There are many layers of diversity within families that are important to examine We must consider ethnic diversity first and foremost as we engage in a conversation regarding diversity as we know or should know the history of people of color in the US and the challenges and adversities that we have experienced In the context of this book understanding diversity begins with positioning a definition that encompasses the realities of many families particularly across the US such as immigration status gender family structure sexual identity class and spiritual beliefs We also see the importance to talking about race within the context of early childhood
