Game of Thrones versus History Brian A. Pavlac, 2017-04-17 Since it first aired in 2011 Game of Thrones galloped up the ratings to become the most watched show in HBO s history It is no secret that creator George R R Martin was inspired by late 15th century Europe when writing A Song of Ice and Fire the sprawling saga on which the show is based Aside from the fantastical elements Game of Thrones really does mirror historic events and bloody battles of medieval times but how closely Game of Thrones versus History Written in Blood is a collection of thought provoking essays by medieval historians who explore how the enormously popular HBO series and fantasy literature of George R R Martin are both informed by and differ significantly from real historical figures events beliefs and practices of the

medieval world From a variety of perspectives the authors delve into Martin s plots characterizations and settings offering insights into whether his creations are historical possibilities or pure flights of fantasy Topics include the Wars of the Roses barbarian colonizers sieges and the nature of medieval warfare women and agency slavery celibate societies in Westeros myths and legends of medieval Europe and many more While life was certainly not a game during the Middle Ages Game of Thrones versus History Written in Blood reveals how a surprising number of otherworldly elements of George R R Martin s fantasy are rooted deeply in the all too real world of medieval Europe Find suggested readings recommended links and more from editor Brian Pavlac at gameofthronesversushistory.com **Subcreation: Fictional-World Construction from J.R.R.**

Tolkien to Terry Pratchett and Tad Williams Stefanie Schult,2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader s willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams s and Terry Pratchett s fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett s Discworld retains a feeling of Britishness that is not to be found in Williams s Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author s Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media *Shakespeare and Tourism* Robert Ormsby,Valerie Clayman Pye,2022-08-19 Shakespeare and Tourism provides a dialogical mapping of Shakespeare studies and touristic theory through a collection of essays by scholars on a wide range of material This volume examines how Shakespeare tourism has evolved since its inception and how the phenomenon has been influenced and redefined by performance studies the prevalence of the World Wide Web developments in technology and the globalization of Shakespearean performance Current scholarship recognizes Shakespearean tourism as a thriving international industry the result of centuries of efforts to attribute meanings associated with the playwright s biography and literary prestige to sites for artistic pilgrimage and the consumption of cultural heritage Through bringing Shakespeare and tourism studies into more explicit contact this collection provides readers with a broad base for comparisons across time and location and thereby encourages a thorough

reconsideration of how we understand both fields **The Worlds of George RR Martin** Tom Huddleston,2024-09-24 In the many realms of modern fantasy there is only one true King and his name is George Raymond Richard Martin With A Song of Ice and Fire Martin has created a world on a scale almost unrivalled by any other single writer Approaching two million words and still evolving this genuinely epic series of novels with its deeply interlocking narratives finely crafted drama and enormous range of characters is a creation of extraordinary breadth So how did a writer best known for short stories come to craft such a gigantic sequence of novels and what is the key to their extraordinary success What sources historical literary and personal did Martin draw upon in the writing and what inspiration did they give him The Worlds of George R R Martin is an in depth bringing together of the enormous range of inspirations behind Martin s work from historical borrowings as wide ranging as the Roman empire the Wars of the Roses and the Mongol conquests to diverse literary and mythological texts and Martin s own family experience and biography *Treason* ,2019-05-06 The willingness to betray one s country one s people one s family to commit treason and foreswear loyalty to one entity by giving it to another is a difficult concept for many people to comprehend Yet societies have grappled with treason for centuries the motivations implications and consequences are rarely clear cut and are often subjective Set against the framework of modern political concerns *Treason* Medieval and Early Modern Adultery Betrayal and Shame considers the various forms of treachery in a variety of sources including literature historical chronicles and material culture creating a complex portrait of the development of this high crime Larissa Tracy artfully brings together younger critics as well as seasoned scholars in a compelling and topical conversation on treason Contributors are Frank Battaglia Dianne Berg Tina Marie Boyer Albrecht Classen Sam Claussen Freddy C Dom nguez Melissa Ridley Elmes Ana Grinberg Iain A MacInnes Inna Matyushina Sally Shockro Susan Small Peter Sposato Sarah J Sprouse Daniel Thomas and Larissa Tracy [e-Pedia: Game of Thrones \(season 6\)](#) Wikipedia Contributors,2017-02-22 This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents The sixth season of the fantasy drama television series *Game of Thrones* premiered on HBO on April 24 2016 and concluded on June 26 2016 It consists of ten episodes each of approximately 50 60 minutes largely of original content not found in George R R Martin s *A Song of Ice and Fire* series Some material is adapted from the upcoming sixth novel *The Winds of Winter* and the fourth and fifth novels *A Feast for Crows* and *A Dance with Dragons* The series was adapted for television by David Benioff and D B Weiss HBO ordered the season on April 8 2014 together with the fifth season which began filming in July 2015 primarily in Northern Ireland Spain Croatia Iceland and Canada Each episode cost over 10 million This book has been derived from Wikipedia it contains the entire text of the title Wikipedia article the entire text of all the 593 related linked Wikipedia articles to the title article This book does not contain illustrations e Pedia an imprint of e artnow charges for the convenience service of formatting these e books for your eReader We donate a part of our net income after taxes to the Wikimedia Foundation from the sales of all books based on Wikipedia content **The Lives of Dwarfs** Betty M. Lives of Dwarfs is extraordinary in its range and vision Beautifully written Totally absorbing Ursula Hegi author of Stones from the River As a little person husband and father of a little person I dream of the day when dwarfs attain full acceptance in society The Lives of Dwarfs provides a giant step in that direction Rick Spiegel former president of Little People of America This important book makes it possible for both average and short statured people to challenge our collective understanding of dwarfism as a synonym for diminishment or as an array of cute and evil fairy tale figures The libratory work of this book is to invite us all to reimagine dwarfism as a livable experience and tenable way of being in the world Rosemarie Garland Thomson author of Extraordinary Bodies Figuring Physical Disability in American Culture and Literature A work of compassionate scholarship A unique contribution to the literature of physical deformity and social isolation and a gift to the individuals whose personal struggle this is Linda Hunt actor Historically they have borne the labels freaks and oddities they have been collected as pets displayed as spectacles and treated as comic relief Now for the first time in this elegant and comprehensive volume the lives of dwarfs are explored in all their fullness and humanity Spanning the centuries from ancient Egypt to the present this unique social history chronicles the various ways this population has been exploited describes their strategies for coping and notes the persistent influence of mythology upon perceptions of them by others The narrative also highlights the lives of eminent individuals and contains a thought provoking account of the representation and participation of dwarfs in the arts enhanced by outstanding color photographs Betty M Adelson the mother of a daughter with dwarfism brings special insight and sensitivity to the research She traces the widespread mistreatment of dwarfs over the centuries engendered by their being viewed as curiosities rather than as human beings capable of the same accomplishments as people of average height and deserving of the same pleasures For much of their history dwarfs have resorted to exhibiting themselves because of social stigma no other employment was available Only in recent years have short statured individuals begun to challenge their position in society Medical advances new economic opportunities and disability legislation have led to progress mainly in Western nations Advocacy groups have also formed in countries as diverse as Chile South Korea and Nigeria Adelson compares what she refers to as the small revolution to similar social and cultural awakenings that women African Americans gays and lesbians and persons with disabilities experienced when they identified themselves as a community with shared goals and obstacles Written with passion grace and the dignity that the subject deserves The Lives of Dwarfs will not only revolutionize current perceptions about the historically misrepresented dwarf population but also offer pause for thought on issues of disability medical treatment height beauty and identity
