Animal Planet Automatic Pet Feeder:

Pets and the Planet Carol Frischmann, 2010-01-26 This book gives you all the information you need to understand sustainability in the context of pet ownership and arms you with the know how to make the best choices for your pet and the planet It explains the environmental consequences of pet ownership and offers alternatives to the everyday choices any pet owning family makes from choosing pet food and buying pet equipment and toys to disposing of pet waste and avoiding household toxins Thoroughly researched and packed with realistic guidelines for putting ideas into practice *Pets and the Planet* is a virtual roadmap for sustainable pet parenthood

Run, Spot, Run Jessica Pierce, 2016-05-06 A thoughtful book about how to ensure that the animals we love benefit from the relationship as much as we do Kirkus Reviews We feel love for our companions and happiness that we re providing them with a safe healthy life But sometimes we also feel guilt When we see our cats gazing wistfully out the window or watch a goldfish swim lazy circles in a bowl we can t help but wonder Are we doing the right thing keeping these independent beings locked up subject to our control Is keeping pets actually good for the pets themselves That s the question that animates Jessica Pierce s powerful *Run Spot Run* A bioethicist and a lover of pets herself including over the years dogs cats fish rats hermit crabs and more Pierce explores the ambiguous ethics at the heart of this relationship and through a mix of personal stories philosophical reflections and scientifically informed analyses of animal behavior and natural history she puts pet keeping to the test Is it ethical to keep pets at all Are some species more suited to the relationship than others Are there species one should never attempt to own And are there ways that we can improve our pets lives so that we can be confident that we are giving them as much as they give us With gentle humor clear compelling language and always in search of the physically and emotionally healthiest lives possible for our animal companions *Run Spot Run* moved me all the more because it s written from the inside looking out Pierce herself lives with three pets and understands the deep urge so many of us feel to connect across species lines Barbara King author of *How Animals Grieve*

Natural Pet Care Gary Null, 2011-01-04 Right now there are more pets in America than people and many count their pets among the most beloved members of their family However a surprising number of pet owners are not aware that the lifestyle they provide their companions may not be a healthy one Gary Null has helped countless Americans improve their diets and their health with his natural approach to healthy living and scepticism of the healthcare and pharmaceutical industries Now with *Natural Pet Care* he carefully and compassionately lays out the ways we can improve our pets health and lives *Natural Pet Care* includes *Animals on the Move* which explains the importance of proper exercise *Everybody in the Tub* which covers natural bathing and grooming products and techniques *The Impetuous Pet* which helps in understanding your animal s behavior and appendices for those seeking holistic veterinary care pet friendly lodgings and animal friendly organizations *Natural Pet Care* also provides sources for natural pet foods and products while scrutinizing the pet food industry He describes for instance that almost any dog owner would be horrified to learn what really goes into most

commercial dog foods even some of the more expensive brands including slaughterhouse throwaways and diseased animal parts As an alternative Null offers The Tao of Chow in which he recommends countless natural alternatives that can easily be made at home recipes included and which can prolong and improve your pet s life With this book on your reference shelf you and your spectacular pet will be ready to tackle anything naturally Natural Pet Care deals extensively with the health of dogs and cats but also is devoted to other common pets including birds rabbits ferrets fish horses rodents and snakes Long overdue Gary Null s Natural Pet Care will help pet owners provide their furry feathered and scaled companions with the healthy lifestyle they need and deserve

Eden's Other Residents Michael Gilmour, 2014-06-20 The Bible teems with nonhuman life from its opening pages with God's creation of animals on the same day and out of the same earth as humans to its closing apocalyptic scenes of horses riding out of the sky Animals are Adam's companions Noah's shipmates and Elijah's saviors They are at the center of ancient Israel's religious life as sacrifices and yet as Job discovers beyond human dominion It is an animal that saves Balaam from certain death by an angel's hand and an animal that carries Jesus into Jerusalem The Creator declares all of them good at the beginning and since the Apostle Paul writes of God's eternal purposes for all things on earth they are somehow part of a hoped for eschatological restoration So why are animals so often ignored in Christian moral discourse In its theological thinking and faith motivated praxis human centeredness typically results in the complete erasure of the nonhuman This book argues that this exclusion of animals is problematic for those who see the Bible as authoritative for the religious life Instead biblical literature bears witness to a more inclusive understanding of moral duty and faith motivated largesse that extends also to Eden's other residents

Environmental Science, Student Review Guide Joseph J. Luczkovich, Daniel B. Botkin, Edward A. Keller, 2004-10-25 Just read the headlines Whether it's global warming arctic drilling or expanding industrial nations the news is filled with stories about environmental issues To understand the news you have to understand the science With Botkin and Keller's Fifth Edition of *Environmental Science* you'll have the opportunity to develop a firm foundation of scientific knowledge so you can think through environmental issues and make your own decisions regarding the environment

Television and the Self Kathleen M. Ryan, Deborah A. Macey, 2013-04-05 Sitting prominently at the hearth of our homes television serves as a voice of our modern time Given our media saturated society and television's prominent voice and place in the home it is likely we learn about our society and selves through these stories These narratives are not simply entertainment but powerful socializing agents that shape and reflect the world and our role in it *Television and the Self*

Knowledge Identity and Media Representation brings together a diverse group of scholars to investigate the role television plays in shaping our understanding of self and family This edited collection s rich and diverse research demonstrates how television plays an important role in negotiating self and goes far beyond the treacly very special episodes found in family sitcoms in the 1980s Instead the authors show how television reflects our reality and helps us to sort out what it means to be a twenty first century man or woman
