A Little Bit Of Buddha An Introduction To Buddhist Thought

Damien Keown

A Little Bit Of Buddha An Introduction To Buddhist Thought:

A Little Bit of Buddha Chad Mercree, 2015-01-20 At its heart Buddhism blossoms from one source the words and life of Siddhartha Gautama the Buddha Chad Mercree a lifetime student of Buddhist philosophy and meditation reveals in simple language how Buddhism can yield personal growth in the modern world Because every journey is unique Mercree relates his own story as well as the experiences of famous Buddhists throughout history to help you apply Buddhas principles to your personal path

Buddhism: A Very Short Introduction Damien Keown, 1996-10-03 This Very Short Introduction introduces the reader to the teachings of the Buddha and to the integration of Buddhism into daily life What are the distinctive features of Buddhism Who was the Buddha and what are his teachings How has Buddhist thought developed over the centuries and how can contemporary dilemmas be faced from a Buddhist perspective Words such as karma and nirvana have entered our vocabulary but what do they mean Damien Keown s book provides a lively informative response to these frequently asked questions about Buddhism

Buddhist Thought Paul Williams, Anthony Tribe, Alexander Wynne, 2012-03-12 This book serves as an accessible and reliable survey for students wishing to gain familiarity with the basic ideas of Buddhist philosophical and religious thought and with some of the recent research in the field It guides readers towards a richer understanding of the central concepts of classical Indian Buddhist thought from the time of Buddha to the latest scholarly perspectives and controversies Abstract and complex ideas are made understandable by the authors clear and engaging style The second edition has been fully revised in light of new scholarship in particular on Mahayana Buddhism and Tantric Buddhism an often neglected and inadequately understood topic As well as a detailed bibliography this authoritative resource now includes recommended further reading study questions a pronunciation guide and extensive glossary of terms all aimed at helping students to develop their knowledge and appreciation of Buddhist thought

Mahayana Buddhism Paul Williams, 2008-07-11 Originating in India Mahayana Buddhism spread across Asia becoming the prevalent form of Buddhism in Tibet and East Asia Over the last twenty five years Western interest in Mahayana has increased considerably reflected both in the quantity of scholarly material produced and in the attraction of Westerners towards Tibetan Buddhism and Zen Paul Williams Mahayana Buddhism is widely regarded as the standard introduction to the field used internationally for teaching and research and has been translated into several European and Asian languages This new edition has been fully revised throughout in the light of the wealth of new studies and focuses on the religion s diversity and richness It includes much more material on China and Japan with appropriate reference to Nepal and for students who wish to carry their study further there is a much expanded bibliography and extensive footnotes and cross referencing Everyone studying this important tradition will find Williams book the ideal companion to their studies

Buddhism, In its Connexion With Brahmanism and Hinduism, and In Its Contrast with Christianity Sir Monier Monier-Williams, 2014-11-06 Example in this ebook The Duff Lectures for 1888 were delivered by me at Edinburgh in the month of March In introducing

my subject I spoke to the following effect I wish to express my deep sense of the responsibility which the writing of these Lectures has laid upon me and my earnest desire that they may by their usefulness prove in some degree worthy of the great missionary whose name they bear Dr Duff was a man of power who left his own foot print so deeply impressed on the soil of Bengal that its traces are never likely to be effaced and still serve to encourage less ardent spirits who are striving to imitate his example in the same field of labour But not only is the impress of his vigorous personality still fresh in Bengal He has earned an enduring reputation throughout India and the United Kingdom as the prince of educational missionaries He was in all that he undertook an enthusiastic and indefatigable workman of whom if of any human being it might be truly said that when called upon to quit the sphere of his labours he needed not to be ashamed No one can have travelled much in India without having observed how wonderfully the results of his indomitable energy and fervid eloquence in the cause of Truth wait on the memory of his work everywhere Monuments may be erected and lectureships founded to perpetuate his name and testify to his victories over difficulties which few other men could have overcome but better than these will be the living testimony of successive generations of Hind men and women whose growth and progress in true enlightenment will be due to the seed which he planted and to which God has given the increase I said a few more words expressive of my hope that the Life of Dr Duff would be read and pondered by every student destined for work of any kind in our Indian empire and to that biography I refer all who are unacquainted with the particulars of the labours of a man to whom Scotland has assigned a place in the foremost rank of her most eminent Evangelists I now proceed to explain the process by which these Lectures have gradually outgrown the limits required by the Duff Trustees When I addressed myself to the carrying out of their wishes communicated to me by Mr W Pirie Duff I had no intention of undertaking more than a concise account of a subject which I had been studying for many years I conceived it possible to compress into vii six Lectures a scholarly sketch of what may be called true Buddhism that is the Buddhism of the Pi akas or P li texts which are now being edited by the P li Text Society and some of which have been translated in the Sacred Books of the East It soon however became apparent to me that to write an account of Buddhism which would be worthy of the great Indian missionary I ought to exhibit it in its connexion with Brahmanism and Hind ism and even with Jainism and in its contrast with Christianity Then as I proceeded I began to feel that to do justice to my subject I should be compelled to enlarge the range of my researches so as to embrace some of the later phases and modern developments of Buddhism This led me to undertake a more careful study of Koeppen s Lamaismus than I had before thought necessary Furthermore I felt it my duty to study attentively numerous treatises on Northern Buddhism which I had before read in a cursory manner I even thought it incumbent on me to look a little into the Tibetan language of which I was before wholly ignorant To be continued in this ebook

Critical Terms for the Study of Buddhism Donald S. Lopez Jr., 2009-11-15

Over the past century Buddhism has come to be seen as a world religion exceeding Christianity in longevity and according to many philosophical wisdom Buddhism has also increasingly been described as strongly ethical

devoted to nonviolence and dedicated to bringing an end to human suffering And because it places such a strong emphasis on rational analysis Buddhism is considered more compatible with science than the other great religions As such Buddhism has been embraced in the West both as an alternative religion and as an alternative to religion This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions Each of the fifteen essays here shows students how a fundamental term from art to word illuminates the practice of Buddhism both in traditional Buddhist societies and in the realms of modernity Apart from Buddha the list of terms in this collection deliberately includes none that are intrinsic to the religion Instead the contributors explore terms that are important for many fields and that invite interdisciplinary reflection Through incisive discussions of topics ranging from practice power and pedagogy to ritual history sex and death the authors offer new directions for the understanding of Buddhism taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches Following the tradition of Critical Terms for Religious Studies this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions

Buddhist Thought and Applied Psychological Research D.K. Nauriyal, Michael Drummond, Y.B. Lal, 2006-08-21 Written by leading scholars and including a foreword by the Dalai Lama this book explores the interface between Buddhist studies and the uses of Buddhist principles and practices in psychotherapy and consciousness studies The contributors present a compelling collection of articles that illustrate the potential of Buddhist informed social sciences in contemporary society including new insights into the nature of human consciousness The book examines the origins and expressions of Buddhist thought and how it is now being utilized by psychologists and social scientists and also discusses the basic tenets of Buddhism and contemporary Buddhist based empirical research in the psychological sciences Further emphasis is placed on current trends in the areas of clinical and cognitive psychology and on the Mahayana Buddhist understanding of consciousness with reference to certain developments in consciousness studies and physics A welcome addition to the current literature the works in this remarkable volume ably demonstrate how Buddhist principles can be used to develop a deeper understanding of the human condition and behaviours that lead to a balanced and fulfilling life

The Princeton Dictionary of Buddhism Robert E. Buswell, Jr., Donald S. Lopez, Jr., 2013-11-24 The most comprehensive and authoritative dictionary of Buddhism ever produced in English With more than 5 000 entries totaling over a million words this is the most comprehensive and authoritative dictionary of Buddhism ever produced in English It is also the first to cover terms from all of the canonical Buddhist languages and traditions Sanskrit Pali Tibetan Chinese Japanese and Korean Unlike reference works that focus on a single Buddhist language or school The Princeton Dictionary of Buddhism bridges the major Buddhist traditions to provide encyclopedic coverage of the most important terms concepts texts authors deities schools monasteries and geographical sites from across the history of Buddhism The main entries offer both a brief definition and a

substantial short essay on the broader meaning and significance of the term covered Extensive cross references allow readers to find related terms and concepts An appendix of Buddhist lists for example the four noble truths and the thirty two marks of the Buddha a timeline six maps and two diagrams are also included Written and edited by two of today s most eminent scholars of Buddhism and more than a decade in the making this landmark work is an essential reference for every student scholar or practitioner of Buddhism and for anyone else interested in Asian religion history or philosophy The most comprehensive dictionary of Buddhism ever produced in English More than 5 000 entries totaling over a million words The first dictionary to cover terms from all of the canonical Buddhist languages and traditions Sanskrit Pali Tibetan Chinese Japanese and Korean Detailed entries on the most important terms concepts texts authors deities schools monasteries and geographical sites in the history of Buddhism Cross references and appendixes that allow readers to find related terms and look up equivalent terms in multiple Buddhist languages Includes a list of Buddhist lists a timeline and maps Also contains selected terms and names in Thai Burmese Vietnamese Lao Khmer Sinhalese Newar and Mongolian

Tibetan Buddhism: A Very Short Introduction Matthew Kapstein,2014 What does Tibetan Buddhism teach Just what is the position of the Dalai Lama and how will his succession be assured This Very Short Introduction offers a brief account responding to these questions and more in terms that are easily accessible to those who are curious to learn the most essential features of Tibetan Buddhist history teachings and practice
